"You went shopping for sex toys. On your business trip," Mydei deadpanned, cringing at the stupid name, although she felt herself twitch with interest at the thought of Phainon wearing the new strap. Hell, at this point she was so horny that she would still let Phainon fuck her if she showed up in a clown suit. As long as it was Phainon, she thought.

Chapter 1

The front door flew open with a bang.

Mydei's breath caught in her lungs and her fingers that were previously opening herself up stilled.

Usually, her girlfriend would announce her return home by calling out to her, but today the sound of shoes being thrown to the side spoke of urgency.

Immediately, Mydei felt the pounding in her chest heighten as she subconsciously reached to smooth down the fabric of the babydoll that she was wearing. Her face warmed with shyness, contradicting the earlier boldness in her actions.

A few hours before….

Phainon had been away to Dolos for a weeklong business trip. The trip was extremely important, as she was representing her team to secure a business deal with the Dolos representatives. The time spent apart drove Mydei more and more crazy with each day without Phainon, but she clung on to her self-control and settled for hearing her girlfriend's voice over the phone every night. Finally, the last day of the trip came and she received a celebratory selfie from Phainon.

"Babe we finally secured the deal!"

In the attached photo, Phainon was grinning, all bright and dopey. She was holding up her briefcase that was exploding with her thick stack of documents - which no doubt contained the proposal she agonisingly prepared. But the sight of her silver-haired lover in a suit made Mydei's body warm with the familiar heat of arousal as she took in Phainon's loosened tie and exposed neck tattoo through her unbuttoned collar. Her short, fluffy hair that Mydei missed combing her fingers in was curled up at her nape from the humidity. Before Phainon went to the airport, Mydei had sucked a huge hickey over the sun inked into her neck, high enough for Phainon to see every time she got ready for work but low enough to be concealed if she buttoned up her collar. The mark had of course disappeared by then, causing Mydei to feel a tinge of disappointment.

"You alone?" Mydei texted back, lying down onto her pillows. She had closed up her restaurant earlier today to prepare for her girlfriend's return home.

"Nope having a debrief soon :(ttyl <33"

Mydei sighed in frustration, dropping her phone back onto the mattress as she lazily dragged her fingers down her chest. She had grown extremely pent-up and horny without Phainon and her own toys and imagination were no longer able to satisfy herself. To welcome Phainon home, Mydei had gotten changed into a maroon babydoll with matching lace panties. The deep V-neck showed off her cleavage and the floral lace adorning the bra cups framed her tattoos beautifully. As she checked her own reflection, Mydei knew she was the picture of

sin. Throughout the whole process of getting ready, the strawberry blonde had gotten wet just from imagining Phainon jumping her - Phainon bending her over the toilet sink, making her watch her own pleasure in the mirror as she ruined her mascara. She deeply missed the familiar weight of her lover over her, pressing her into their soft mattress as she would pound her fervently then lovingly kiss and cuddle her to sleep. Perhaps Mydei had gotten spoiled from Phainon constantly showering her with affection and intimacy such that one week without her was already enough for her to lose her mind, but she equally spoiled the silver-haired woman with elaborate meals and daily cuddles so it was an equivalent exchange.

Mydei pulled her own thighs closer to her chest as she increased the setting on her vibrator, pressing the bulb firmly to her clit. The increased stimulation caused a moan to leave her lips, and she felt herself throb even harder as her pussy clenched uselessly around nothing. Just then, her phone rang and her free hand dived for the answer button.

“Mydei I’m so sorry they wouldn’t leave me alone!” The phone was immediately flooded with Phainon’s chattering about the debrief. “I miss you so much, I’m packing to leave for the airport now.”

Mydei could hear frantic rustling on the other end, meaning Phainon was likely gathering up all her belongings.

“Yeah, I missed you too,” she responded, voice a little breathless.

Instantly, the rustling stopped. Mydei froze.

“Are you touching yourself?” Phainon’s voice dropped an octave lower, huskiness indicating the beginnings of arousal.

Mydei smirked, turning onto her back as she brought the phone closer to her vibrator. She moaned loud enough for her girlfriend to hear, and on the other end of the line came muttered swearing.

“Fuck, baby let me see you,” Phainon groaned into the speaker, and Mydei saw that she had pressed the “Request to Videocall” button.

She brought the phone back up and clicked “Accept” but did not turn on her camera. Phainon’s face showed up on the screen and she already looked mussed up with arousal, pupils blown wide and hair askew.

“Mydei please,” Phainon whined, pouting and resembling a puppy waiting on its owner. God, Mydei needed that face between her thighs since yesterday.

“So desperate for me already?” Mydei teased, but she opened her camera, holding it up so Phainon could glimpse the dainty straps against her collarbone. Her long hair was splayed out beneath her on the pillow like a halo and even through the poor reception, she knew she looked good on camera.

“Fuck you’re so gorgeous. You don’t know what you do to me.” The screen was shaking on Phainon’s end and Mydei could hear the sound of her belt unbuckling which excited her

further. She dragged her vibrator up her clit again, gasping in pleasure as her hips stuttered forwards.

When Phainon's face was back in focus, Mydei tilted her phone such that her breasts were on full display.

"What are you wearing? Please-" Phainon gasped into the phone, losing whatever authority she had been trying to keep in her voice.

Mydei panned the camera further downwards, moving aside the sheer fabric of her babydoll and showing off her crotchless panties. The sight of her folds, already glistening with arousal, made Phainon moan.

"Fuck you're so wet for me. Need you so fucking bad-" Phainon's begging turned Mydei on even more, as she thought about how the confident businesswoman persona Phainon carried into work could be reduced into a pathetic mess by her.

"For you? I don't know about that." Even with her clit throbbing painfully from Phainon's voice, Mydei decided to tease her even further. "You haven't been beside me for a week."

Phainon's expression soured. "Wait. Who else have you been thinking of? You have other women?"

God, Mydei was in love with a moron.

"HKS you're lucky I love you." Mydei threw her vibrator aside and angled her phone back to her face where Phainon was visibly pouting now.

"Of course I've been thinking of you. It's always you," she breathed, and Phainon's eyes softened with tenderness.

"I'm sorry I just… I miss you. A lot," Phainon admitted, running a hand through her hair in frustration. "I'm going crazy without you."

For a few seconds, the couple stared at each other in comfortable silence. Mydei wished she could reach out and feel the warmth of her lover's cheek in her palm.

"Wanna kiss you so bad. I missed how you taste," Phainon whispered, gaze dropping to Mydei's lips. The heat between them was immediately reignited.

"Yeah?" Mydei replied nonchalantly, adjusting herself on the bed and watching blue eyes flit to the red strap slipping off her well-built shoulder. "Which part of me?"

"Fuck, you can't just say that," Phainon groaned. "I still have one plane ride before I see you!"

As if on cue, a sharp knock was heard on Phainon's end. The silver-haired woman's head whipped towards the door in panic. Mydei watched as she put the phone down and assumably ran towards the door.

A short while later, Phainon returned.

“I need to leave in five minutes!” Her wailing startled Mydei, and from her perspective she could see Phainon pulling her pants back up and refastening her belt. As if she was not the cause behind her girlfriend’s delay, Mydei watched with amusement as Phainon started running around the room and throwing all her clothes onto the bed.

“Sorry babe I gotta go!” Phainon’s face was back in view, eyebrows furrowed cutely in apology. “I’ll text you on the way to the airport. Love you!”

“Okay bye, I love you too. Stay safe,” Mydei responded, heart swelling with affection. She ended the call and flopped back into bed, sighing. Their friends often made fun of Phainon for being the more “down bad” one out of the two of them in their relationship, but at that moment Mydei felt like she deserved the title more. Because she had about two more hours left before Phainon’s arrival, and she was already clad in lingerie waiting for her in bed.

Her phone buzzed beside her, drawing Mydei’s attention.

“Csnt wait t see u!!! Gonn a fuck u si hsrd u cant wakk tmr”

The number of typos in Phainon’s text drew out a laugh from Mydei. No doubt the woman was in the cab with her colleagues, sneakily trying to sext her girlfriend while on the way to the airport.

“Bought u sth too we can use tnight”

Now that piqued Mydei’s curiosity. Unfortunately, she had to be kept in suspense until two hours later. She texted back a response to Phainon, sending a quick snap of her cleavage.

Her phone started buzzing incessantly afterwards, but Mydei ignored it with a sly smile. She sat up and stretched, before lazily sliding out of bed. Perhaps she might as well try to be productive until Phainon was back.

See the end of the chapter for more notes

Mydei was failing miserably at being productive. She felt a little silly to be still lying in her lingerie, laptop propped on a pillow, but she was too restless to change out and get ready again later. The blonde tried to analyse the restaurant finances and brainstorm new menu items, but soon she found her finger drifting to ThreadIn to see if Phainon's company had posted any updates of her business trip.

There was a recent post, right before their flight time. The post was celebrating the secured deal with another top firm in Dolos, and Mydei clicked open the attached photos. The first one was a group photo - Phainon was standing beside Aglaea, who Mydei recognised as her statuesque boss that Phainon often spoke words of admiration about. The silver-haired woman was beaming as she shook hands with a shorter, gray-haired woman who was sporting a feline-like smile.

Seeing Phainon dressed in her well-cut suit did things to Mydei's libido. She was wearing a dark blue blazer and trousers that had been tailored to fit her perfectly, accentuating her waist and broad shoulders. Mydei had insisted on a silver tie for her after being dismayed at Phainon's atrocious initial choice of a purple suit with yellow tie combination.

The next photo was one of Phainon standing beside the presentation screen as she made her pitch to the collaborators. She wore a confident yet serious expression on her face as she appeared to be in the middle of speaking animatedly. Phainon typically oozed easy charisma, but it was her awkward charm, strength and unwavering kindness that ultimately won Mydei's heart when they were courting. However, the idea of Phainon effortlessly

commanding the whole room's attention was still extremely hot. Mydei's fingers itched to ruin her perfectly gelled back hair.

Mydei quickly swiped past the next photos which featured a couple of executives that she did not care for, because they were not Phainon. The last photo appeared to be another group photo, taken at what looked like a bar or restaurant. It was likely the company's attempt at adding a lighthearted end to the otherwise solemn post. Phainon was beside a purplehaired woman who was smiling shyly. This was Phainon's closest friend at work, Castorice, for whom Mydei once cooked dinner for after she saved her girlfriend from almost making a huge error during her first few months in the job. In this photo, the businesswoman was holding out a jug of beer while flashing the camera a huge smile. She looked more relaxed here, tie gone and a few strands of her slicked back hair loosened. Mydei shifted on the bed, pressing her thighs closer together. Hell, she was becoming more and more pathetic, getting horny just from looking at her lover's (very official) business photos.

Glancing at the clock, Mydei saw it would only take about twenty minutes before Phainon's estimated return. She placed her laptop onto the desk and saw her phone light up with a text from Phainon saying that she had touched down and was waiting for her cab.

Mydei quickly typed a response before dropping her phone onto the mattress and pulling out the lube they kept in their bedside drawer. Her heart was hammering more quickly now, as anticipation for Phainon's return and the sex that would ensue grew. She quickly took her compact mirror and lipstick from the drawer as well, checking her mascara and reapplying her lipstick. The thought of leaving lipstick marks all over Phainon was already making her wet. The strawberry blonde knew damn well the contrast between her carefully applied makeup and lingerie against her muscular body would drive Phainon wild, and she wanted to rile up Phainon as much as she could as a reward for her successful deal.

A quick check made Mydei realise that she had less than fifteen minutes left. She scooted back against the plush pillows, spreading open her legs and squirting lube onto her fingers. Closing her eyes, she caressed her own breasts, tugging her nipples to hardness and softly gasping at the sparks of arousal. Her other hand slowly fingered herself, easily entering her pussy as she had already been dripping from thinking about Phainon. Mydei opened herself up, moaning as she felt her own walls fluttering around her fingers and whining at the emptiness that she prayed would be filled by her girlfriend soon. The tight lace of her panties pressed into her clit, sending another throb of pleasure through her. There was already a small wet patch on the bedsheet under her, but Mydei only cared to chase her own pleasure as she crooked her fingers and pushed them deeper.

Suddenly, the front door flew open.

Mydei immediately stilled. She heard the sound of Phainon's luggage being roughly wheeled in and her shoes getting thrown aside. Under normal circumstances, Mydei would have chided her for her unruly behaviour. But today, she only spread her thighs further open and sent a half-lidded gaze to the doorway, feeling the smooth fabric of her babydoll fall across her body and presenting herself as the epitome of temptation.

Phainon's footsteps got louder and louder, and she finally stormed into the bedroom. Mydei only managed to catch a glimpse of her rapidly heaving chest and darkened eyes before

Phainon was already on her.

“Shit, Mydei,” Phainon rasped, as Mydei felt her full weight collapse on her. Her girlfriend pulled back for a few moments as teal eyes flitted all over her face, as if revisiting her features. Mydei wanted to respond with a quip about how heavy Phainon was, but she was quickly silenced by lips sealing over her own. The kiss was hot and messy, Phainon wasting no time with running her tongue over Mydei’s lips and demanding entrance. Mydei easily opened up for her, soft and pliant, as their tongues met and the blonde sighed contentedly into her lips. Their teeth clacked together and drool was filling up in Mydei’s mouth, but none of them cared. Phainon pulled back slightly, sucking on Mydei’s plump bottom lip and drawing out a moan from her. In retaliation, Mydei dug her fingers in Phainon’s hair, pulling apart the gelled strands and tugging her closer, sharply nipping at her lip before covering her mouth with hers once again. Expecting to taste her usual cherry lipbalm, Mydei was surprised to find a hint of pomegranate on her tongue and she licked her own lips again for another taste.

Phainon caught Mydei’s look of surprise and smiled, kiss-swollen lips now smeared with Mydei’s red lipstick as she leant forwards to kiss along her lover’s jaw. “I got this lip balm because it reminded me of you. You like it?”

“Fuck, *yes*.” Mydei dragged Phainon back in for another heated kiss, wrapping one thigh around her to bring their hips together.

Suddenly, Phainon drew back completely, resting on her haunches and pouting like a sad puppy.

“HKS, what’s gotten into you?” Mydei grumbled, slightly concerned but also very horny.

“Sorry babe I forgot to undress myself! Argh, my clothes are so dirty…” Phainon leapt off their bed and started shrugging off her blazer. Sure enough, she was still wearing her suit, trousers now wrinkled from having sat in multiple cabs and the airplane. Both of them had a strict “no dirty clothes” in bed rule, but Mydei especially hated being in bed right after being outdoors.

Mydei pinched the bridge of her nose. There she was, all laid out in lingerie with her pussy bared and Phainon was fretting over *fucking clothes*.

“Phainon, if you don’t come back to bed and fuck me right now, I’m breaking up with you.”

That got her girlfriend’s attention.

“Yes ma'am!” Her response was silly but Mydei was too enamoured with her not to find it endearing. She watched as the silver-haired woman quickly peeled open her white blouse and unhooked her bra, revealing her perky breasts and toned abs that made Mydei’s mouth water. Phainon made quick work of her belt, pulling down her trousers. She was taking peeks at Mydei too, eyes unabashedly raking down her body. To tease Phainon, Mydei reached down and rubbed her clit, lips smirking and canines glinting like a predator watching her prey.

Phainon’s teal eyes darkened further in arousal, and the distraction caused her to trip in her pants pooled around her ankles.

“Shit!” Phainon muttered, finally kicking aside her trousers. She proceeded to hook her fingers into her panties and peeled them off, before she finally, *finally* climbed back into bed.

“You’re unreal. You got all dressed up for me, hm? So fucking perfect, all *mine* .” Phainon’s weight was back on top of Mydei, and she possessively ran her hands down the V-neck of her babydoll before firmly gripping both of her breasts.

“*Fucking finally* ,” Mydei groaned, as she surged upwards and latched her lips onto Phainon’s neck, sucking and biting with the intention of marking her up. “C’mon, show me how much you missed me.”

Phainon’s breath came out in short gasps, as her fingers kneaded Mydei’s chest, thumbs swiping her hardened nipples over the lace. She kissed down Mydei’s neck, leaving open-mouthed kisses down the spiralling tattoos decorating her chest. Gently pulling open her top, Phainon continued leaving kisses down Mydei’s stomach.

“You’re so beautiful,” Phainon groaned out, hand reaching up to cup Mydei’s cheek. “I missed you so much.”

“Missed you too.” Mydei leaned into her girlfriend’s palm, reaching down to comb through Phainon’s now messy hair and ruffling her bangs. Her previously neat businesswoman persona had now been deconstructed by Mydei - and she was just *Phainon* , the Phainon only Mydei got to see and touch.

Phainon smiled, gentle and adoring, before she resumed her trail of kisses towards Mydei’s hips. Her face was now at Mydei’s flushed crotch and she moaned, fingers tugging at the band of the panties.

“Fuck, you’re so pretty down here. Did you wear this for easy access? Lying here, waiting for me to come and fill you up?” The blatant callout made Mydei’s face warm with embarrassment, but two could play at this game. Feeling bold, she brought Phainon’s fingers to her mouth and spread her folds with her other hand. “Mmm, felt so empty here without you.”

The effect on Phainon was instantaneous. The teal in her eyes had nearly disappeared from her blown out pupils. She dived forwards with a snarl, lips sealing over Mydei’s clit and tongue flicking over the sensitive mound. Above her, Mydei whined sharply, hips arching off the mattress and strong arms clutching at the pillow under her.

“Yeah? You like that?” Phainon asked, breathless, as she pressed her face back down against Mydei’s pussy, tongue slipping between her folds to fuck her. The sweet and musky taste of Mydei was causing Phainon to lose her mind and she could not help but babble. “Fuck I missed eating you out. Could taste you forever. You’d like that, wouldn’t you? I’d let you use my face everyday.”

“Fuck, stop talking and get on with it!” Mydei whined, fingers gripping silver hair harshly and pushing her face-first into her pussy. She rolled her hips up, grinding her clit against Phainon’s nose and tightening her thighs around her girlfriend’s head.

Phainon moaned into Mydei's pussy, fingernails digging into the meat of Mydei's thighs as she pulled them closer around her neck. She felt the inner muscle of Mydei's thigh twitch, a sign that she was coming, and Phainon fucked Mydei open with her tongue more fervently. Suddenly, a gush of wetness hit Phainon's tongue as Mydei came, hands clutching at the sheets and body arching off the mattress. Her girlfriend looked downright ethereal coming down from her high, pretty eyelashes wet with her ruined mascara and drool slipping from her lips as she gazed at Phainon from above. The sight caused a jolt of arousal to course through Phainon, making her chest tingle and her crotch warm.

From above, Mydei watched as Phainon rested her head on her thigh. Her face was wet with her slick, nosebridge stained and lips swollen as she caught her breath. One of her hands had gone down to clutch at her own pussy, as if she was staving off her own orgasm that was about to occur just from eating Mydei out. Upon catching her eye, Phainon had the gall to smile innocently, pressing a kiss to Mydei's still twitching inner thigh and sitting back upright.

"Satisfied?" she teased, already knowing the answer.

"No. Not anywhere close," Mydei hissed, fingers scrabbling at Phainon's broad shoulders.

"How demanding!" Phainon giggled, then got up from their bed *again* , causing Mydei to sit up in irritation.

"What is it this time?"

"Remember I said I got something for you? I think you'll love it, wait!"

Mydei was going to die, either from annoyance or horniness, or she was going to kill Phainon first for constantly interrupting their reunion sex.

Phainon ran back into the bedroom, holding up a black harness and a blue strap-on. They had used straps before as Mydei enjoyed being penetrated while Phainon loved giving pleasure, but this one appeared longer and had a curved head.

"Heh, look Mydei, this strap is called The Deliverer."

"You went shopping for sex toys. On your business trip," Mydei deadpanned, cringing at the stupid name, although she felt herself twitch with interest at the thought of Phainon wearing the new strap. Hell, at this point she was so horny that she would still let Phainon fuck her if she showed up in a clown suit. *As long as it was Phainon*, she thought.

"The Dolos representative, Cipher, turned out to be really friendly! She introduced me to this shop at the entertainment district, and hey aren't we always saying we should spice up our sex life?" Sure, Phainon had gotten scammed as Cipher had also led her to a shop that sold "genuine antiques", but Mydei did not need to know that there was a fake artifact currently sitting at the bottom of her luggage.

Mydei sighed, noticing the harness in Phainon's hand. It was a jockstrap harness, adorned with a gold ring and draped with gold chains that were embellished with tiny sun and star

charms. It was beautiful, and Mydei watched speechlessly as Phainon pulled the harness up her thighs and attached the strap onto the ring.

“What do you think? Don’t worry, I already cleaned it,” Phainon asked, standing with her feet apart and her hands on her hips. With the strap curving upwards proudly from her hips, her pose looked almost comical, if Mydei’s eyes were not drawn to how much the curve of the gold chains accentuated Phainon’s muscled thighs.

Phainon did a little spin, and *ohhh* , the back straps of the harness did wonders to perk up her firm ass and okay Mydei was completely sold.

“C’mere,” she beckoned, opening her legs again to make space for Phainon. Her girlfriend crawled back onto the bed, pleased to have received Mydei’s approval. Their lips met once again, languid and sensual, as Mydei felt Phainon’s fingers gently massage her scalp to coax her closer. The earlier hunger between them had dissipated due to the interruption, and Mydei needed to rekindle the flames.

“How do you want me?” Phainon questioned, voice coming out like a sigh as Mydei cupped her breast and sucked another hickey over her tattoo.

“Inside,” Mydei murmured, brushing her lips over Phainon’s ear and feeling the warm blush radiating from it. “I need you to fill me up.”

She felt Phainon’s hold on her scalp tighten and smiled into her ear, all sultry and coy. “This one looks bigger than the previous ones. You think this time it’ll take?”

“Mydei you’re so unfair,” Phainon whimpered, and Mydei only answered by sucking on her earlobe, bringing her girlfriend’s hand to her tummy.

“Yeah? Didn’t you say you wanted to fuck me until I couldn’t walk? Don’t tell me you’re all talk only,” she taunted.

“Fuck baby, I’ll fuck you so hard, until it takes. I’ll do it until you’re nice and full,” Phainon’s voice cracked, her sentence ending in a whine as the remnants of her self-control fractured and she flipped Mydei over onto her stomach.

The display of strength was enough to cause a moan to leave Mydei’s lips, as she felt her face being pressed into the mattress and her hips being pulled up. While Mydei herself was strong, being manhandled by Phainon always turned her on and she secretly enjoyed it very much.

“Put it in already,” Mydei demanded, arching her ass up even more to tempt Phainon. “I’m already prepared.”

A low groan came from behind as she heard the sound of the lube being popped open and the familiar slicking of Phainon lubing up her cock. She felt the engorged head sliding against her folds and pressed her hips backwards to meet Phainon.

“God Mydei, you’re so perfect, I’m going to ruin you,” Phainon moaned, throwing her head back as she slowly pressed herself into Mydei. The blonde groaned softly at the intrusion, but

Phainon was quick to cover her body with her own and leave reassuring kisses down her spine. She finally bottomed out, hips pressed flush against Mydei's skin. Mydei could feel the slight cut of the harness chains against her flesh, and the pain made her whine in pleasure.

Then, Phainon began moving. She started off with slow, shallow thrusts, the way Mydei liked to begin with. The curved tip of the strap reached deeper than ever, causing jolts of pleasure to course through Mydei's body with every thrust.

"More, more, Phainon," Mydei ordered and turned around, face pressed to the sheets that were already dirtied with her mascara. "Harder!"

Behind her, Phainon looked desperate. Her head was tipped back in pleasure, strands of silver hair sticking out haphazardly from her head as beads of sweat rolled down her bare neck. Upon hearing her lover's demands, she quickened her pace, thrusting into Mydei so hard she felt her own hips begin to sting from the contact. Although she was on the giving end, Phainon still felt incredibly turned on from watching her lover grip the sheets and sob in pleasure.

"Fuck! Yesssss…!" Mydei cried, fingers clawing uselessly at the sheets.

"Look at you, taking my cock so well," Phainon panted out, reaching out to feel the bulge in Mydei's lower abdomen and imagining Mydei round and full. "Gonna knock you up nice and good."

To emphasise her point, she pulled out and grabbed Mydei's waist, flipping her back around. The blonde yelped in shock, but the glare she shot Phainon carried no real anger, only pure hunger. Wasting no time, Mydei locked her ankles around Phainon, bucking her own hips towards her cock in an attempt to draw her back inside.

The sight was so whoreish and needy that Phainon immediately guided her strap back in, continuing to thrust firmly into Mydei's pussy. Her thrusting caused Mydei's body to bounce off the bed obscenely. One of her straps slipped off her shoulder, revealing her bare breast, and Phainon's mouth instantly descended onto her nipple. The angle caused her cock to reach even more deeper into Mydei, and she felt her hips begin to twitch uncontrollably. Her other strap was unceremoniously tugged down by Phainon, who was lavishing bites to both her breasts like a starved animal.

"Fuck, I'm coming!" Mydei gasped, thighs pulling Phainon in and hand coming down to vigorously rub at her own clit. "Don't you dare fucking stop."

Of course, Phainon was not one to disobey her lover, and she pushed through the soreness in her hips to continue fucking Mydei. She pushed Mydei's hand away in a rush of possessiveness and thumbed her clit, staring deeply into golden eyes blown wide with arousal. Mydei's hair was splayed onto the pillow, but some of her long locks were plastered to her face. Her lipstick had long smeared across her cheek and what remained of her eye makeup were streaks of mascara and black eyeliner. In other words, she looked downright perfect.

"Mydei, *Mydeimos* , I love you," Phainon gasped, feeling her own orgasm impending.

“Love you too, fuck, don’t stop,” Mydei cried, raking her nails up her girlfriend’s back and drawing blood. Finally her orgasm hit her as she sobbed out Phainon’s name, body twitching and pussy clenching tightly around Phainon’s cock.

“Fuck, Mydei I can’t,” Phainon whined, hands reaching down to unfasten the strap from the ring. In her post-climax haze, Mydei did not even question Phainon and watched with glassy eyes as the silver-haired woman removed the strap, now wet with Mydei’s spend.

Phainon slid the cockhead against her own pussy, moaning as her own slick coated the strap. She then slowly started pushing the strap back into Mydei’s fluttering cunt until she was fully plugged.

“What the fuck…” Mydei whined from overstimulation, weakly pawing at the other’s shoulders.

“Now I’m truly inside you,” Phainon whispered, voice pained in arousal.

God, this woman is crazy, Mydei thought, reaching down to get Phainon off. And thank fuck Mydei loved crazy.

Phainon allowed Mydei to touch her cunt, softly moaning with her eyes closed.

“I’m really close,” she gasped. It only took a few rubs to her clit before Phainon came, knees buckling and body falling forwards onto the space beside Mydei.

The two of them laid there in silence for a few moments, chests heaving, before the sticky bedsheet became too uncomfortable to bear. They turned towards each other, holding eye contact for a moment before Phainon reached out and tucked a blonde strand behind Mydei’s ear.

“Good?” she asked, feigning concern but the smugness in her voice led Mydei to flick her in the forehead.

“Yeah, it was good. You were good,” Mydei admitted in defeat, cupping Phainon’s face in her hands and squishing her cheeks together before planting a kiss on her forehead.

The silver-haired woman giggled at her partner’s honesty, before she pulled her close to shower her with kisses. Mydei could not help but laugh, planting several kisses of her own over Phainon’s face. Eventually, they stopped and decided they needed to take a bath and change the sheets. Removing the strap from Mydei was a whole other problem, as Phainon was getting riled up again from the act and Mydei had to ban her from the bathroom temporarily.

Finally, they both settled into fresh sheets and drifted off into deep sleep, now cozy in each other’s embrace after a week of being apart.

The next day…

Mydei woke up to the warm weight of her girlfriend wrapped around her. She smiled, looking fondly as her girlfriend's eyes fluttered open and she rubbed away at the drool from her lips.

"I'm so glad I'm back," Phainon murmured, voice soft as if not to disrupt the tranquility of the morning.

Mydei leaned down for a kiss. "Me too."

"Also!" Phainon suddenly exclaimed and reached for her phone on the bedside table.

The blonde groaned, pulling her blanket back up over her head. She knew it was definitely going to be some bullshit again.

"If we leave a review for The Deliverer we can get a discount code for our next shipping! Babe, what do you think?"

Phainon yowled when her phone was slapped out of her hands, before she dissolved into a fit of giggles as Mydei pulled her back under the covers.

Five Stars/Five Stars

Comment: *This one deserves five stars. But the person who wore it deserves way more.*
