The Sweetest Fruit

by Wild_Chaos

Summary

More and more often, during their fights, Phainon makes suggestive sounds that leave Mydei feeling a little flustered. Where these just unfortunate sounding grunts in the heat of battle or deliberate noises to throw Mydei off in the heat of battle? Mydei thinks he knows the answer and one one fight would solve it. Of course this battle does not go as plan.

(Fighting turns into fucking basically)

Notes

I use exclusively female terms for Mydei's anatomy for clarity, he's not really trans just got a vagina that said he does still have bottom growth because look at that man he's coursing with testosterone he'd have bottom growth (putting my trans man knowledge to good use clearly)

Also thank you to my Boyfriend for beta reading!

It rang in his ears. Their last battle had long since subsided yet he could hear it clear, a soft breathy moan. Mydei could feel his cheeks heating up Remembering the sound. This wasn't the first time this had happened in their fights either. Recently it seemed anytime he managed to get the upper hand, finally get Phainon cornered, finally get him pinned, this happened. At first Mydei brushed it off as an unfortunate sounding grunt, but as it kept happening he grew increasingly suspicious.

Why in Nikador's name was he making such noises in battle? Were the Deliverer's cries of pain truly so suggestive? No that didn't add up, it was too inconsistent, plenty of times they've traded blows yet these noises were infrequent. They only seemed to come when victory was literally right in Mydei's grasp, When the metal of his claw's grasped his skin, and Mydei could feel his body tense under his own as the deliverer knew the taste of defeat was but seconds away if he didn't act fast…

Was that it? Mydeimos thought over every instance and it really did seem to line up. Was the Deliverer really so underhanded to use such tactics, to escape defeat by making him… *uncomfortable*. Perhaps it started with an accident but when he found it worked he exploited it.

Such underhanded tactics just to simply eek out a draw against him. Mydei clenched his jaw, he wasn't going to just accept such underhanded victories. Now that he understood what was going on he could steel his resolve, he could unflinchingly seize the victory he'd let slip from his grasp before.

He decided then and there that this wrong would be made right. He stood up from his plush bed and began to march his way over to the Deliverer's quarters.

It took little time for the prince to reach his chambers as he knew the way by heart. Mydei simply burst open the Deliverers doors having little patience for waiting for him to answer. The white haired man sat on his own bed looking up at him startled piercing blue eyes staring at him in confusion.

"Mydei?" His voice was slightly shaken with confusion by the other man's sudden appearance but a deeper sense of excitement underlined his voice. "What brings you bursting in?" He asked putting the book he was reading down, whatever shock was in his voice before was replaced with pure warm fondness.

"I want a rematch." He said curtly, crossing his arms staring down at the other man. Phainon blinked a few times, clearly not expecting such a declaration. He thought for a few seconds a small smile growing across his lips.

"So soon my friend?" He asked with a hint of skepticism in his voice but a growing smile betraying his true eagerness for the idea.

"Yes." Mydei responded bluntly. "I know where I failed in our last bout, this time my victory is assured." He attempted to keep his voice steady and confident but an air of cockiness

seeped in. He couldn’t help it, Phainon took his competitive flame and fanned it into a roaring fire. It was the only time in his life Mydei truly had someone near his level.

“My, my, aren't we confident.” Phainon said with that cocky little smirk he wears whenever he’s ready to challenge him to a contest. He knew Phainon’s competitive spirit burned just as bright.

“I’ve been thinking on our last battle, I know how to take you down.” He supplied, staying intentionally vague not wanting Phainon to know he’s caught onto his little strategy.

“You? Thinking? Color me shocked.” He was trying to goad him on, Mydei knew this yet he couldn’t help but take the bait every time.

“HKS, you will be knocked on your back, defeated, in shock, wondering how your little tricks no longer work on me.” Mydei barked back his competitive nature getting the better of him.

“Little tricks?” He said faking offence. “You really think so lowly of my battle prowess? You act like you’ve already won.” Teasing again but seems he has not quite caught onto what Mydei is referring to. Good, if he plans on relying on it at all in this battle he would find victory sorely out of reach.

“Come deliverer, before parting hour is upon us.” Mydei turned to leave as he heard Phainon shuffling behind him.

“Right behind you Mydei!” He called out an obvious excitement in his voice, like that of an eager puppy. For all his teasing and bravado it was clear his true feelings for the prince were nothing short of glowingly positive. A warmth spread through Mydei’s own chest, with all the turmoil in the world, with the pressure of their destinies, it was more comforting than he would admit to have a companion like Phainon by his side.

Mydei stood standing but a few feet away from Phainon watching as he quickly did some warm up stretches. The two found a secluded area of Okhema for their spar. That was usually what they did, Mydei didn’t want to accidentally drag others into their contests, the average citizen of Okhema wouldn’t be able to handle the blows they traded with ease, even in spars like this where the focus was primarily hand to hand combat he knew the citizenry was so soft the outcome wouldn’t be pretty.

Of course Phainon seemed to mind less if there were people around. He seemed to like the spotlight more than him, but Phainon still went along with Mydei’s usual proposals for location.

“Let me guess the same rules as last time?” He called out to Mydei finishing up the last of his stretches.

“It is a rematch Deliverer,” He called back.

“Right, right of course,” Phainon called, finally standing in a ready stance.

The two stared each other down for what felt like minutes but realistically wasn’t more than a few seconds. Then all at once the two charged at each other. While hand to hand combat was more Mydei’s proficiency he knew not to underestimate the Deliverer of Amphoreus. Strength wise the two were fairly evenly matched with similar builds, however Mydei was slightly bulkier and stockier then the Phainon who was ever so slightly leaner than him. He was shockingly agile, able to dodge and weave blows Mydei would struggle more to avoid.

It made sense their fighting styles diverged in this way, Mydei’s immortality and ability to recover faster than others meant he didn’t need to spend as much energy dodging blows he could easily brush off. Meanwhile a mere mortal like Phainon, no matter how tough he was, could not recover nearly as effectively as Mydei staying on his toes was a must for his own survival.

Mydei found himself easily blocking or brushing off all of Phainon's blows with ease as Phainon found himself weaving through most of Mydei's attacks, hardly staggering from the blows that did land. They danced this stalemate for minutes, hardly their most intense competition but it didn’t need to be, Mydei just needed to win against Phainon’s cheap strategy.

“Stuck on the back foot Deliverer?” Mydei taunted, easily tanking another blow from Phianon.

Phainon said nothing, instead quickly letting another hit fly that Mydei blocked with his hand. Then with a flash Mydei felt a sudden pain in his torso as Phainon took the opportunity to throw a kick squarely into his side, sending him staggered back.

“Just getting warmed up Mydei!” He finally replied, a competitive glint in his eyes. Mydei couldn’t help but smirk as Phainon went to charge him. Mydei got his standing again just in time to grab Phainon’s wrists and prevent him from tackling him.

“Seems like you might need more time.” Mydei said sardonically, watching Phainon’s brow furrowed as he grew frustrated at how few of his attacks seemed to go as planned.

The man desperately tried to yank his arms free of the Kremnoan's strong grip, however instead of freeing himself, he sent them both toppling over. Mydei felt all the wind be knocked out of Phainon’s lungs as he landed on top of him. Not wanting to give the man under him any time to recover and shift the dynamic he strengthened his grip on Phainon’s wrists making sure he couldn’t move his arms and then positioned his legs to make sure he was pinning the man underneath him so he couldn’t escape.

Then, he heard it, the second he successfully wrestled his legs down, a sudden moan was ripped from Phainon’s lips. Mydei felt his own cheeks heat up but stayed firm pressing up against the other man to use more of his body weight to keep him pinned.

“Mydei!” He called out his voice an octave higher and breathy.

Mydei stayed firm as his heart rate went up, “your tactics won’t work on me Deliverer.” Mydei taunted, causing Phainon to squirm under him. It hardly felt like much of an escape attempt and more of a sign of discomfort.

Then he felt it, clear as day, something hard pressed against his inner thigh.

Oh

Mydei looked at the man pinned under him, his face flushed the same color as Mydei’s robes, his eyes clouded and his breath haggard.

The prince was a fool.

His own arousal started to grow as his willpower quickly slipped from him. Mydei’s own face must have betrayed his growing awareness of the situation as Phainon started to panic trying to shift himself away from Mydei.

“Mydei I- I can explain!” Phainon started babbling out breathily hoping to save any dignity he had left. Mydei shut down any useless babbling by pressing his hips down against Phainon who sucked in his breath with a whimper as he felt Mydei roll his hips against his growing arousal.

In response Phainon began bucking his own hips against Mydei, his legs no longer properly pinned. Mydei couldn’t help but grunt in response to feeling Phainon’s clothed cock grinded against his pussy as it slowly became wetter. The deliverer moaned in response, already so desperate.

Mydei could hear his heartbeat in his ears, his own flush likely matching the tattoos on his body. Truthfully this wasn’t how he imagined this going but he could hardly complain. He had always found the Deliverer of Amphoreus beautiful, soft white hair that never seemed to behave, piercing blue eyes unlike any he’s ever seen and soft pink lips now even prettier moaning out his name.

“Mydeimos” Phainon whined out desperately grinding against his clothed cunt desperately chasing more friction. Mydei’s clit was painfully hard watching Okhema’s brave warrior reduced to a desperate mess practically begging for him.

“If I knew it was like this,” Mydei hisses, grinding his swollen clit against him. “I would have done this a while ago.” His voice husky with lust as Phainon lets out a needy moan. Mydei could sense an almost overwhelming desire from Phainon that he couldn’t help but bask in. A deep yearning of his own, one that Mydei had long since buried for the sake of the flame chase journey, was bubbling to the surface. He wanted to rip his stupid white coat off and run his hands over his body before finally freeing his hard cock. He needed to feel him buried deep inside, so desperate for him and him alone. He slowly loosened his grip on Phainon’s arms to instead roam his body.

“Mydei,” Phainon groaned, his voice dripping with lust as his hands immediately started to slink towards the crown prince's muscular thighs.

“Deliverer” Mydei breathed out as his hands went to push off his white overcoat. Phainon shuffled underneath him to help slide the article of clothing off. Mydei watched intently as Phainon pulled his hands away again to slip each arm out of the sleeves, clearly eager to get his hands back on the prince. His desperation was cute, watching him worm his arm out of each sleeve while Mydei was still on top of him. Of course once his arms were free Mydei had no plans on letting Phainon eagerly explore his body just yet as he slid his hands under the hem of Phainon’s black undershirt. Mydei felt Phainon shudder at the sudden contact with his skin as the Prince ran his hands up his torso.

“Titans you are insatiable.” Phainon said shifting more upright with Mydei still straddling his lap. He quickly went to pull his shirt over his head.

“Rich coming from yo-” In a swift motion Phainon’s Shirt was tossed to the side and Mydei was pinned underneath the now shirtless Phainon. His hands quickly gripped at his waist as he began desperately rolling his hips against his cunt.

“Hmmm?” He hummed, planting a kiss against Mydei's chest, his blue eyes flicking to look at him as if challenging him.

“HKS,” Mydei cursed as did his best to ignore his throbbing arousal at everything happening. He was not just going to give in so easily. It was clear their fight was far from over and the crown prince of Castrum Kremnos had no intention of losing. There was a trembling anticipation to all of Phainon's actions that betrayed his true lack of control.

Mydei wrapped his legs around Phainon pressing his hard cock against him and preventing his hips from moving. He felt just how intensely his cock throbbed under his clothes as Phainon scrunched his eyes closed and hissed against Mydei’s skin. He could see a wet spot forming on the deliverer's pants and the prince couldn’t help but feel a smug sense of satisfaction knowing it was him causing this intense reaction from the deliverer. Phainon squirmed but was unable to budge whimpering as his cock continued to desperately twitch. Mydei hooked a finger on Phainon’s choker, His eyes flew open forcing their gaze to meet. He had a desperate and lustful look in his eyes, his lips swollen from kissing his chest and his cheeks flushed. Mydei knew there were many in Okhema who wished to be under the Deliverer's lustful gaze, he couldn’t help but feel smug that he was the one who got to see him like this, who had this intense effect on him.

“Mydeimos,” he panted, squirming more, his blue eyes flicking elsewhere struggling under Mydei’s intense gaze. The Kremnoan tightened his legs more causing Phainon to practically yelp as his cock twitched against him, and he threw his head back. Mydei pulled on his choker again bringing eye contact back to him, as he brought himself closer to Phainon, their faces inches apart.

“Not so tough now?” Mydei’s voice was smooth and commanding; he could feel Phainon shiver.

“Mydei-“

“Surely you have more to say than to simply cry out my name, Deliverer.” He said cutting Phainon off, which seemed to bring him out of his stupor. He far more strongly attempted to

jerk out of Mydei's grip. Mydei's legs stayed firm however, preventing any escape for Phainon. He groaned in frustration as he wiggled his hips desperately. "You think I will just let you free to do whatever you please?" Mydei's eyes narrowed on the Phainon, shirtless, bangs sticking to his forehead, blush practically going down to his broad shoulders. They had barely done anything yet he looked positively disheveled.

"I will make you feel so good." He cooed out a sense of desperation underlined his voice. Mydei couldn't help how his own arousal shot through him hearing Phainon.

"Will you now?" Mydei asked, poorly masking how turned on he was.

"Yes, I will." Phainon's desperation was even more evident in his voice.

"Then beg for it." The Kremnoan's voice is commanding.

"What?" Phainon is slightly taken aback.

"If you want me then beg," Mydei repeats

"I, I'm not going to just beg!" He said clearly flustered.

"No? Well I suppose you don't really want it then." He couldn't help his lips curling into a sadistic smile.

"Mydei," he whined

"Yes?"

"Mydeimos," Phainon dragged out each syllable. His growing discomfort being trapped was apparent.

"Hm?" Mydei couldn't help how much he enjoyed watching Phainon squirm under his gaze.

"Please." It was hardly more than a whisper, hardly good enough.

"What was that deliverer?" His competitive smirk grew.

"Please, Mydei." He moaned out, arousal shot through Mydei's body.

"Please what?" The prince said, managing to keep his voice even.

"Please let me fuck you," he whined. "I wanna make you feel so good please please please Mydeimos." Mydei couldn't remember a time in his life he'd been more turned on. He could feel how intensely his clit throbbed as his pussy clenched hopelessly around nothing. He almost considered simply opening his legs for him then and there. He held firm, he was not going to let a couple pretty words get to him so easily.

He loosened his legs grip ever so lightly on Phainon. "Good boy," he cooed in the deliverer's ear as he bucked his hips up against him. The whine from Phainon was so intense Mydei wondered if he already came in his pants.

“Please Mydei, please please, I need your pussy please.” Phainon was now pawing at his belt, trembling with excitement at finally getting his reward.

“Not so fast.” Mydei growled demanding Phainon’s attention, as he looked at him with pleading eyes. “You must prove yourself first Deliverer.”

“Mydei,” he whined, dragging out his name still fiddling with his belt.

“You say you will make me feel good, well prove you can, make me cum only using your mouth.” Mydei smirked watching Phainon’s expression shift to a mild bewilderment as he swallowed his Adam’s apple visibly bobbing.

“Alright.” His tone was steady but the deep desire behind his voice lingered as Phainon eyes traced his body. Mydei finally released him from his grasp as Phainon softly gasped and pulled back. It was then that Mydei could get a good view of just how hard Phainon was, his cock painfully bulging in his pants. The deliverer of Amphoreus sat before him flushed shirtless and painfully turned on was a sight Mydei allowed himself to enjoy the sight as he began to unbuckle his belt. He could feel Phainon’s eyes study him as he took off each boot before sliding off his pants and undergarments in one quick motion before tossing them off to the side. The intensity of Phainon’s staring could burn a hole through Mydei, drinking up the sight of his slick folds up to his large swollen clit. Mydei could feel the heat rise in his cheeks being so openly and brazenly ogled.

“Are you just going to stare?” He asked, as he spread his legs open a little more to tempt the deliverer.

Phainon quickly dipped his head between Mydei’s thighs and gave him a tentative lick. The sudden contact and warmth sent a small shiver through Mydei’s body and he angled his hips to give Phainon better access. He gave a few more licks from the bottom of his entrance to the tip of his clit. With the last of these licks he circled his tongue around his clit before taking it into his mouth. Mydei sucks in a breath as Phainon continues to suck flicking his tongue over the tip.

“You have better technique then I thought you would deliver.” Mydei moaned, causing Phainon to bury himself in his cunt his nose pressed against Mydei’s pelvis. Mydei sucks in a breath as Phainon’s tongue slides up his swollen clit.

“Fuck,” Mydei grunts out sucking in a breath as Phainon wraps his lips around around his clit, sucking on it as if it was a cock. The prince let out a shaky breath trying his best to keep his voice even. Mydei generally found people did not know how to *deal* with his anatomy during sex whether it was simply expecting him to have the typical anatomy of a man or trying to treat what he did have the exact same as a woman despite being much much larger. Yet Phainon seemed to adapt with no issues.

He popped off his clit, his tongue hanging out of his mouth, looking up at Mydei with heavily lidded eyes. They made eye contact for a few seconds and Mydei felt his heart flip. Phainon had a look of pure bliss on his face, a string of spit and Mydei’s own slick connected his tongue to the head of his clit. Mydei needed to leave this man a mess, unable to remember his own name.

Phainon quickly brought himself back between Mydei's thighs lapping greedily at his pussy. It was like he was trying to drink up Mydei, as if he was the sweetest ambrosia. Phainon flicked his tongue against his clit building up a rhythm that the prince couldn't help but softly moan. This encouraged Phainon to build up the pace, his eyes looking up to Mydei for approval. Mydei felt a jolt of arousal shot through his twitching clit. A part of him wanted to praise Phainon but a greater part of him did not want to give him that satisfaction, not yet.

"Is that the best you can do Deliverer?" Mydei taunted. Phainon stopped for a second before taking his clit back into his mouth, running his tongue up it as he sucked it, popping the swollen nub out of his mouth before returning to working his lips around it.

"Fuck Phainon," He groaned out, the moan ripped from his lips with the sudden intensity. He could feel Phainon moan against him, his eyes fluttering as he did anything he could to take more of Mydei's pussy into his mouth. Mydei pushed his own hips up, gripping the earth beneath them, his eyes scrunching up allowing himself to indulge in the pleasure. Phainon continued to lap away at his pussy moaning, grabbing at his hips to give himself better leverage.

"Phainon," he grunts, his eyes fluttering. He hears another intense moan from Phainon that vibrates to his core. In a bit of a daze he glances over the man between his eyes closed his face dusted a beautiful shade of pink as he grinned his hips against the grass.

Now that would not do.

"When did I say you could pleasure yourself Deliverer?" The Prince asked as he pressed his foot against Phainon's lower back preventing him from easily rolling his hips.

Phainon popped off his hard clit with a whine, "Mydei." He looked at him with sad pleading eyes.

"You can get release when you've earned it." Mydei says, pulling his leg off Phainon's back, glaring at him to make sure he behaves. Phainon whines but brings his head back down and tentatively gives him a lick before popping his clit back into his mouth.

"Hmm, good boy," Mydei praised. The whine Phainon gave in response was felt in his core as his fingers gripped the prince's hip harder as he practically made out with his cunt. Mydei once again let himself indulge in the pleasure as Phainon's tongue worked itself on Mydei's clit. He felt that familiar pressure build up like a coil winding up. He wasn't close but he was getting there. He couldn't help but lift up his hips to attempt to get more of himself in the warmth of Phainon's mouth. The Deliverer hummed as he sloppily sucked on his clit.

Suddenly Mydei felt a prodding at his entrance. His eyes flew open as he looked down he felt Phainon slide two of his fingers inside. He started slowly trusting them in feeling around inside.

"HKS when did I say you could use your hand-" Mydei cut himself off with a sudden gasp as Phainon found his g-spot. Phainon hums against his clit still running his tongue along it as he continues to press against his g-spot.

“Phainon-” he growls as his hand grips the grass as his pleasure quickly builds from the intensity. He should stop him, he’s breaking the parameters they set up but it was so difficult with the quickly mounting pleasure coursing through him. His thighs tighten around Phainon’s head as he can’t help but tense up as he quickly approaches his climax.

“Fuck!” He whines out as he topples over the edge, his orgasm washing over him, his fluids gushing over Phainon’s fingers. He feels the fingers slide out of him as Phainon goes to clean him up, popping off his clit to lap at his folds.

Mydei finds his strength again post orgasm and slides his fingers into Phainon’s hair pulling his head up to look at him. Phainon whines at the tug to his hair closing his eyes.

“You used your hands.” Mydei states bluntly as Phainon’s eyes open, tears pricking at the corner of his eyes. Mydei admittedly enjoyed the sight a little more when he should.

“You came, didn't you?” He whined as if that meant anything against Mydei’s point. The Kremnoan dropped the man's white hair from his grip. He leaned forward grabbing both of the Deliverer's shoulders before flipping him onto his back and swinging a leg over them both. His robes draped over Phainon’s torso as both his thighs framed Phainon’s face; his pussy was but inches from his mouth. The man under Mydei looked at him with a bewildered look on his face.

“This time you properly make me cum, without any cheap tricks.” Mydei declared as Phainon visibly swallowed. He had an almost excited look of anticipation in his eyes as he nodded, humming in affirmation.

“Do you promise you will behave yourself, Deliverer?” Mydei asked with no intention of giving Phainon the room to misbehave this time. Still he wanted to hear Phainon promise.

“I promise, Mydei.” He breathed out, his voice shaky with anticipation.

“Is that how you address me?” He commanded, not fully sure what he wanted Phainon to actually say. He simply enjoyed the view of Phainon at his mercy under him.

“I promise, my prince.” Phainon said breathlessly looking up at him with that clouded lustfilled look, his pretty pink lips puffy eating him out. Mydei felt his heart lurch in his chest, his clit twitching to life once again as he let out a soft gasp. He’s been called prince by his people for a long time; it wasn't something he even really reacted to. However it wasn’t something Phainon called him, he never called him such titles such reverence was not needed, especially since he was not *Phainon’s* prince. Yet hearing him call him that got him going in a way he wasn’t expecting.

“Good boy,” Mydei praised. Phainon’s body instantly reacted; he felt him shudder underneath him as he whimpered in response. Mydei couldn’t help but smirk at such a strong reaction as he lifted his hips and lowered himself right onto Phainon’s soft lips. Phainon stuck his tongue out sliding it into his folds before dragging it back to his clit. Mydei shuttered instantly, already being worked up and over sensitive from his last orgasm. Phainon hummed in response as he dragged his lips up his clit practically making out with his cunt his tongue snaking around. It was clear Phainon was extremely into this as Mydei heard a hum as he

clenched his thighs around Phainon's head. He more eagerly lapped at him, desperately wanting to get more reactions out of Mydei. The prince's breath hitched in response stifling a moan as his tongue played with the tip of his clit.

Mydei pushed his fingers through Phainon's hair eliciting a soft moan from the man underneath him. Mydei couldn't help but watch Phainon, his eyes scrunched shut as he worked his mouth, his flushed face framed by Mydei's muscular thighs.

Phainon's eyes blinked open, tracing Mydei's face as well. He had to assume his face was just as flushed as Phainon's. Once the two made eye contact, Phainon lightly nipped at Mydei's clit, not enough to hurt but enough to get a strangled, uncharacteristic, noise out of the prince.

"HKS" Mydei growled as Phainon hummed in satisfaction at his own work. Mydei rolled his hips pushing himself more onto Phainon's face, his thighs tightening around his head. He felt a muffled gasp underneath him. Mydei smirked looking down in Phainon's pleading eyes, his tongue flicking across his head once again his lips suctioning around his clit. Mydei let out a low moan which caused Phainon to respond with more eager licking. With how sensitive he was from his last orgasm; it did not take much for that arousal to start building again. He leaned into the pleasure, his legs flexing the closer he got. It was clear Phainon took notice as he would increase the speed his tongue dragged across his clit. The noises from just how wet he was getting were downright obscene.

"Phainon I'm close-" He cut himself off with his own moan as he threw his head back as he toppled over the edge, his clit throbbing as he squirted on Phainon's face. "Fuck." He panted as Phainon continued lapping away as pussy as Mydei rode the waves of his second orgasm. Despite his sensitivity he was shocked he came as fast as he did, Phainon just seemed to have this overstimulating effect on him. He already knew he had a weakness for the man, he doubted he would have accepted his behavior from anyone else, but this was on another level. His eyes glanced back down at the man happily continuing to clean up his pussy, the stimuli almost overwhelming at this point and he felt his heart leap in his chest. This was more intense than he thought.

Mydei finally lifted up his hips, the breeze feeling cold against his now spit soaked cunt. He heard a disappointed noise below him as he met Phainon's pleading eyes. "You enjoy how I taste that much?" Mydei teased earning a whine from Phainon. Mydei couldn't help but chuckle at just how much Phainon was eating out the palm of his hand. Of course the battle was far from over, he couldn't let his guard down just yet, that was when the deliverer would be most likely to try and flip the dynamic and the Kremnoan was not simply going to let that happen so simply.

"As much as I'd love to just sit on your face all day." Mydei continued to tease, his over-sensitive clit twitching to life at the idea, his own stamina was shocking him sometimes. "Didn't we have other plans in mind?" He asked in a husky tone as he slid himself down between Phainon's legs, fingers finding the buckle of his belt finally beginning to free Phainon's straining erection. The Deliverer sat up on his elbows watching as Mydei now unbuttoned the slacks and hooked his fingers into his pants and pulled to finally free his hard cock.

Mydei couldn't help the expression he made, his eyes going wide. He had seen Phainon naked before, he was aware the man was not small, even soft he was larger than many men but erect Phainon was bigger than anyone he had ever seen. To be fair that list wasn't very long but Mydei wouldn't be shocked if you lined up all the men in Ohkema he would be near if not at the top in terms of size. Mydei felt his cunt clench at nothing, titans his body had never reacted like this to anything before. Truthfully he wasn't sure if it would fit, he was planning to suck him off first before riding him, how he was worried how much he could take.

Phainon of course was looking over at the sight of Mydei's reaction, his cock in front of the prince's face with a smug look of satisfaction. "Like what you see?" That taunting competitive tone dripped from each word he said. How Phainon could go from blissed out and practically nonverbal to confidently teasing him in a matter of seconds was almost impressive if not mildly infuriating. Mydei almost wanted to say no just to not give Phainon the satisfaction of confirming what he already knew.

"Ego is not a good look on you, Deliverer." He simply replied before wrapping his hand around the base causing Phainon to hiss clenching his teeth and his cock to twitch. After being ignored for so long he knew it would be easy to get reactions out of Phainon. The head of his cock was flushed pink, the tip was smeared with precum. Mydei shifted and moved his hand up the shaft of his cock towards the head causing a shaky breath from Phainon. He pulled back the foreskin, exposing the glans, before giving a tentative lick to the underside of his head. A whimper came from Phainon's lips as Mydei licked up his head and began slowly pumping his cock with his hand. More whimpers fell from Phainon's lips as he continued flicking his tongue around the head of his cock. Turned out it was actually quite easy to make Phainon a noisy mess. Of course just encouraged Mydei to continue, popping the head of Phainon's cock into his mouth and picking up the pace of his strokes.

"Mydei!" He cried out one hand flying over his mouth, another gripping into the field below him. Mydei hummed, satisfied with his performance so far as he went to take a little more into his mouth. He truthfully only had two goals with this blowjob: Get Phainon even more worked up then he was already and see just how much of his cock he could take. He made sure to warm up by bobbing his head on Phainon's cock just taking a few inches, testing himself by taking just a little bit more with each bob, just to see how much he could fit casually. Phainon's hand was doing a poor job muffling his moans as his thighs trembled on either side of Mydei. Mydei took his free hand and held onto one of Phainon's thighs, steading it and using it for more leverage to sink down farther onto Phainon's cock. In response Phainon made a strangled moan, his hips bucking up, brusing the head against Mydei's soft palate causing him to gag and pull off Phainon's dick. Of course Phainon whined when he did this as if it wasn't *his* fault to begin with. Mydei took both his hands and pressed down on Phainon's hips.

"Don't do that again, or you won't get what you want." Mydei reprimanded as Phainon nodded with a whimper, his cock twitching with anticipation. Mydei smirked seeing a flustered Phainon waiting in anticipation of what he would do. "You are so easy to unravel." The prince couldn't help but tease as he rubbed his thumbs over Phainon's Pelvic bone. Phainon bucked his hips again, his competitive nature getting the better of him but he hardly budged, having more raw physical strength had its perks.

“Mydei…” he groaned, his cock still throbbing in anticipation.

“What did I say?” Mydei asked to which Phainon just whined, throwing his head to the side to avoid eye contact. He was being such a brat now.

“Mydei haven’t I done enough?” He panted out.

“No.” Mydei replied bluntly.

“Mydeimos.” He dragged out the syllables of his name.

“I distinctly remember asking you not to buck your hips and what did you do?” Mydei’s voice was steady and commanding.

“My hips barely moved,” Phainon complained back.

“If I was any weaker they would have moved.” Mydei stated as Phainon just sighed. “I am gracious enough to give you a second chance but you have to promise me you will behave.”

“Mydei…”

“Yes?” From the twitching in Phainon’s cock it was clear he was losing this war of attrition he so needlessly started.

“I promise.” Phainon breathed his voice barely above a whisper

“You promise you’ll be good for me?” Mydei goaded wanting to hear him say it properly.

“Yes, I’ll be good for you, just please, please I want this.” He whined out his cock twitching more intensely as he begged.

“Much better,” he breathed out before going and taking the head of Phainon’s cock back into his mouth causing him to let out a sudden whimper in response. Mydei quickly went back to working his way down his shaft. Once he reached about half way it was clear that he was reaching the end of what he could take with ease and now would have to put in some effort. He slowly worked his way down, struggling to make room in his throat for his thick cock. Mydei however was not one to back down so easily and he continued to push down inch by inch. Tears began to prick at the corners of his eyes as he struggled to get down to the base. He felt himself almost gag but managed his best to suppress it as he felt the cock twitching like crazy in the back of his throat.

“Mydei,” Phainon moaned his name like a song sending a shot of arousal through Mydei. It was the last bit of encouragement he needed to take that final inch of Phainon’s cock. His nose pressed against his pelvic bone as Phainon breathed out in surprise. Mydei flicked his eyes up to meet Phainon’s gaze, a look of awe in his eyes.

“Oh Kephale,” He moaned, throwing his head back as he twitched in his mouth. Mydei finally pulled himself off of Phainon’s cock panting, blinking the tears away. Phainon looked back to him, still taken aback by what just happened. “Wow…”

“Impressed?” He asked, feeling just a bit proud of himself.

“It was, really hot.” Phainon answered, his voice still airy.

Mydei simply smiled as he repositioned himself, moving himself from between Phainon’s legs to sitting on top of them. Phainon watched in anticipation as he positioned himself so Phainon’s hard cock lightly pressed against his stomach. The tip of his cock reaching his bellybutton, Mydei felt arousal stir within himself.

“You wanted to make me feel good right?” Mydei asked.

“Yes, of course Mydei,” He moaned out and Mydei smirked.

“Good luck, Deliverer.” With that Mydei lifted his hips and quickly sank down on Phainon’s cock before he could react.

“Mydei-” He moaned out his hands scrambling to grab onto Mydei’s thighs. The prince finally lowers himself all the way down feeling the tip of his cock pressing hard against his cervix. Mydei leans back resting his hands on Phainon’s thighs showing off to him where they are connected. In response Phainon grips Mydei’s thighs harder and thrusts up into him, rubbing up against Mydei’s cervix.

Mydei quickly responds by pushing himself off Phainon’s thighs and leaning himself forward, balancing himself by resting his hands on Phainon's torso. Their eyes meet their faces both flushed, Mydei’s heart hammered in his chest, his competitive spirit wavering for just a moment.

I want to kiss him.

Mydei felt his stomach do a somersault as the thought crossed his mind. As if somehow that was more intimate than anything else they had done so far. As if that was the moment this crossed the line from a competition into something more, something far scarier. Mydei licked his lips, eyeing Phainon’s own. Suddenly he felt an attempt from Phainon to buck his hips.

“Mydei, why did you stop?” Phainon asked with breathless curiosity, an eagerness and longing to his words that pushed Mydei over the edge.

He leaned down, lifting his hips and pressing his lips against Phainon. There was a muffled sound of surprise from Phainon before he leaned into the kiss eagerly. The two eagerly rolled their hips against each other, both of them simply basking in the feeling of skin on skin contact. As their lips danced against each other he could feel Phainon’s hands trace along his body, finally, oh finally the Deliverer got to run his hands all over Mydei’s body. Mydei in turn began to drag his own hands over Phainon’s toned torso, drinking up the feeling of every muscle under his fingertips. Phainon moaned under his touch bucking out of rhythm into him. The prince couldn’t help but chuckle against his lips leaning in more to Phainon, desperately wanting more of him.

If he didn’t need to pull away to breathe he wouldn't. The intoxicating feeling of finally indulging himself in Phainon, to give into desire and yearning and forsake his emotional

guard. He was terrified of addressing reality, of the emotions that would come crashing down around him, of just how deeply he felt for Phainon. Unfortunately he needed to breathe.

He pulled away the both of them panting their lips puffy and flushed red. Mydei swallowed his Adam's apple bobbing. Surely he swallowed some of Phainon's own spit along with his own. His heart was pounding, his head was spinning.

"Wow," Phainon breathed out with an expression in his eyes that could only be described as Love. It tied Mydei's stomach in knots. "Mydei I-"

"Deliverer." Mydei cut him off, he knew.

"Hmm?"

"I hope you're enjoying your reward." Mydei said, only a modicum of his usual control in his voice.

"With you, I'll enjoy whatever you give me." Phainon replied playfully but there was a wistful sense of want under his words Mydei couldn't help but try his best to ignore.

"In that case." Mydei lifted his hips, dragging himself up Phainon's cock all the way up to the tip before dropping back down shuttering as he hit his cervix again. Phainon whimpered underneath him as Mydei started picking up the pace as he rode Phainon. His cock had just the right amount of curve that he so perfectly hit against his g-spot over and over again. He couldn't help but moan while riding Phainon.

"Oh fuck," Phainon hissed out as his shaky hands reach out to Mydei's body. His left hand grips Mydei's leg to steady himself as his other hand traces Mydei's torso up his sculpted abs before reaching his chest.

Mydei chuckles "Aren't you predictable?" He can't help but feel a little bashful as Phainon groped at his chest. "You really like my body hmm?" He asked, doing his best to hide his embarrassment as he rocked his hips.

"Yes I've been fantasizing about this for so long, about getting to touch you like this." He said, running his finger over Mydei's nipple. He was far too honest, his voice was dripping with desire.

"Is that so?" Mydei asked, wondering at what point Phainon started watching him with this gaze? It never felt like there was any shift, was this simply how he always felt? His heart fluttered at that idea.

"Yes I want you, all of you so bad." Phainon cried out as his hand dropped from his chest and gripped Mydei's other thigh.

"Then come and get it." The words hung in the air for what might have been less than a second before a sudden blur of movement. Mydei found himself on his back again, Phainon above him, eyes scanning him. He could feel Phainon's cock twitching inside him still deep inside. Phainon's hips were stagnant as if he was analyzing what he should do.

Mydei hooked his finger under Phainon's choker pulling him in closer. "You said you were gonna make me feel good?" He asked as phainon gave a small nod. Mydei pulled Phainon in even closer, their lips brushing against each other. "What are you waiting for?" He paused.

"Phainon."

With that he let go of Phainon's choker as he felt a full body shutter from Phainon. His hips snapped his cock hitting deep in Mydei as it throbbed intensely. He felt Phainon grip into Mydei's hips with almost bruising strength as he angled his hips.

With those agonizing seconds of preparation over Phainon desperately started thrusting into Mydei. A moan was pulled from Mydei with the sudden movement not expecting such a sudden pace. Each thrust of his thick cock slamming into his cervix, Phainon making a small whimpering noise each time the head of his cock pressed against it.

"Phainon more," Mydei groaned, moving his hips upwards more for more friction. Phainon In response started thrusting more desperately now angled where his cock was perfectly hitting his spot. The first trust made Mydei gasp which only seemed to encourage the Deliverer to thrust more wildly into him.

"Mydei fuck, you are so tight, you are clenching around me so much." Phainon moans out among the rhythm of skin on skin contact. Mydei could feel his head spinning with pleasure as Phainon ravaged his g-spot. His own hands could never do this justice, Phainon kept a punishing speed that Mydei could never maintain. His pussy pulsed around Phainon's cock as his arousal climbed much faster than expected. "You're so hot," Phainon moaned out. "You have no idea how much I've wanted this, how much I've dreamed about this."

"Does it live up to the fantasies?" Mydei asked breathily.

"Even better." Phaninon answered, though it wasn't necessary his answer was clear as day to both of them even without words.

"You are as well." Phainon's pace stuttered as Mydei said that.

"You've fantasized about me before?" He asked and Mydei simply responded by pulling Phainon in to kiss. It was far more heated and passionate then the one earlier with Mydei licking at Phainon's lips. He happily parts his them for Mydei deepening the kiss, their tongues sliding past each other. The increase in pleasure as their tongues clash against each other was unlike anything Mydei had felt before. Phainon's thrusts got shorter and sloppier as he leaned into the kiss as much as he could, like he was trying to melt into Mydei. Each thrust abused his g-spot sending waves of pleasure up Mydei's body; he couldn't help moan into Phainon's mouth.

Finally they pulled away the spit connecting their tongues. "You're so good to me." Mydei said in a lust-addled voice.

"Fuck Mydei," Phainon moaned out as he picked up his pace again short deep and rapid that made Mydei's muscles tense. As he thrust, Phainon reached his hand down and began rubbing his fingers over Mydei's clit which throbbed under his touch.

“Phainon!” He cried out as he climbed closer and closer to orgasm. In response Phainon somehow sped up even faster, Mydei’s orgasm was so close now he could feel the building pleasure plus over his body as he clenched around Phainon.

“Fuck fuck, I’m- fuck!” Mydei called out feeling himself teetering on the edges of his orgasm, his hands gripping into Phainon’s arms.

“Mydei- fuck I’m close” Phainon moans out his thrusts painfully desperate.

Mydei wrapped his legs around Phainon pulling him in as deep as he could. “Cum for me, Phainon.” Mydei painted out desperately about reaching his climax as well.

“Mmm Mydei fuck,” his thrusts where so desperate, so needy, so rough.

“Phainon I-“ Mydei cut himself off with a moan as his orgasm crashed over his body, his cunt pulsing, clenching around Phainon’s cock as his clit throbbed.

“Ah fuck Mydei!” With one last thrust slamming against Mydei’s cervix, Phainon came. Mydei could feel his cock twitching inside him as Phainon filled him with cum.

The two were left panting as they came down from their orgasms. Phainon laid himself on top of Mydei, his cock still inside him. He wore a painfully sincere smile, not one of completion or teasing but one filled with genuine love and joy.

Whatever emotions he had been holding off all came crashing over him now. The reality of what happened between them just now, as much as Mydei would find it easier to play off as such, was not casual and it was certainly not just plain competition. He let the man come inside for titans sake, he wouldn’t let just anyone do *that* . A shiver ran through him as the two made eye contact.

“Hi Mydei,” Phainon said, his voice dreamy, he was on cloud nine at the moment. He shifted his soft cock slipping out of Mydei as Phainon shifted to lay more comfortably resting his head on Mydei’s chest.

“Deliverer.” He replied, which earned a small disappointed sigh from Phainon.

“Already back to that…” He paused looking off, genuinely seeming to contemplate his words. “I was hoping you felt similar.” He said, a sadness to his words that was obvious to Mydei.

“Who’s to say I don’t.” Mydei replied, his heart pounding in his chest.

Phainon’s eyes flew back onto Phainon locking on to Mydei. “I- you? Really?” It was hardly a comprehensible thought but Mydei somehow understood it anyway.

“For a while now.” Mydei felt more embarrassed than he did with everything they did earlier. He felt he shouldn’t even be saying this, he knew with their lives what they wanted, what they longed for would never last. Mydei needed to guard not just his own heart but Phainon’s as well.

“Mydei…” Phainon’s voice was soft as he leaned in to kiss him. This kiss was different than the last. It was calm, soft, and oozing with the overflowing emotions of years of yearning and love. They lingered for a bit before pulling apart. “I love you.” Phainon breathed out his voice hardly above a whisper.

“I know.” Mydei replied perhaps a bit too coldly. “But deliverer do not forget our roles, our futures are hardly free from peril.”

“Why should the fear of the future keep us from enjoying the fruits of today? Would it be better to let them rot? To leave yourself hungry and wondering how sweet it would have been.” Mydei just stared at Phainon for a bit after he spoke.

“Don’t get poetic on me Deliverer.” He grumbled “You and I both know how insatiable you can be. If fate drives us apart-“

“Then I will change our fates!” Phainon cut him off.

“You aren’t thinking of abandoning the flame chase are you?” Mydei’s eyebrow quirked.

“Of course not! But I will fight to make sure whatever our destiny's and era nova entails, I will be by your side.” It was a declaration, Phainon seemed so sure that was an achievable goal Mydei could almost believe he could pull it off.

“Mydei?” Phainon asked again after a long pause.

“Yes?”

“Would you be willing to give it a chance?” Phainon’s eyes were wide and pleading like a puppy begging for treats. He should shut this down but it felt too late for that now. He had a taste of the fruit and it was sweet; he wanted to be able to indulge in Phainon.

“Despite me winning the encounter, your performance was admirable. However, next time maybe we should do things in the proper order.” Mydei says gesturing to their partially dressed selves, hair a mess, clothes strewn about the field, cum starting to leak out his pussy.

Phainon’s eyes lit up, “Really? Titans I can’t believe this is real…” Phainon trails off as his expression changes as if he’s only just processed all of what Mydei said. “Wait what do you mean win?!”

“I pinned you and you gave in, besides I came more.” Mydei said with a smirk growing on his face.

Phainon sat up getting off of Mydei’s chest, he had an incredulous look on his face as if Mydei’s line of reasoning wasn’t perfectly sound. “I’m the one who put in all the work to make you cum!”

“Yes you listened and obeyed my commands though you could mind being a little more obedient.” Mydei said taunting sitting up as well now to meet Phainon eye to eye. Truthfully Mydei hardly wanted Phainon to be more obedient, the push and pull was part of the fun.

“Yeah well next time I won’t go easy on you!” Phainon declared like this really was going to be some fight.

“I look forward to it.” Mydei said with a small laugh, one he doubted Phainon even heard.

The two sat there for a bit longer. They rode the emotional high of everything that has happened before the shame of just how public they were set in. Sure this area was fairly isolated and it was getting late but someone could have very much seen them. Mydei, now long past his post orgasm bliss, felt painfully embarrassed as he fixed his robes and reached for his pants once again. Out of the corner of his eye he saw Phainon much the same buttoning up his pants and scrambling for his top.

“Mydei?” Phainon asked, slipping back on his black undershirt.

“Hmm?” Mydei hummed back buttoning his pants.

“Would you care to join me in the baths?” His voice was sincere, he wore a small but loving smile filled with warmth that left Mydei's heart fluttering.

“I wouldn’t mind but I am not going to do anything with you in the baths.” He retorted, but truthfully he doubted Phainon had such plans; he simply wanted to make his boundaries known.

“You wounded me Mydei, I’m more than just some pervert.” There’s a mock offense in his voice but it’s clear his feelings were not actually hurt.

“You did moan during our fights.” Mydei pointed out, giving Phainon a sly smile.

“I wasn’t trying to!” Phainon retorted defensively, “besides I’m not the one full body pinning you in battle.”

“That is a completely valid battle tactic!” He always managed to get swept up in their little back and forths.

“I know I know, come on parting hour is almost upon us we should go to the baths now.” Phainon said with a smile as the two parted for the Okhema baths.

The hero's baths were far more private and intimate; it made sense as a choice. Even as the parting hour descended and few were still in the baths the guarantee of being alone was nice.

Despite everything the two had not said much, mostly preferring to relax. Mydei had his eyes closed enjoying the warmth of the water washing over him. As he settled into a zen state he suddenly felt Phainon brush against his leg. Opening his eyes he saw Phainon next him, his back facing the water as he rested his arms on the side of the water, his head resting atop of them watching Mydei with a longing look.

“Hi,” Phainon said in a fond voice.

“Hello,” Mydei responded, relaxed.

“You’re so pretty.” Phainon states and Mydei is glad he’s already flushed from the hot water. He hardly needed Phainon seeing him get flustered by tame compliments.

“That’s why you’ve been staring at me.” It was a statement more than a question.

“Mhm,” Phainon started moving, bringing himself to Mydei's lap. The deliverer raised his hands to Mydei’s face tenderly rubbing his thumb across the prince's cheek. “You really do have the most beautiful face in all of Amorphous.”

“And you really know what to say to embarrass me.” Mydei said but he couldn’t hide his smile.

Phainon simply hummed in response leaning in and pressing his lips against his. This kiss was gentle and sweet, devoid of the hunger filled lust of what they did before and instead replaced with a tenderness that was almost more intense than anything they did before. Mydei could feel Phainon’s heart beating through his chest as they pressed together.

“Ah you two are here.” A familiar came from behind him, within milliseconds Phainon was off his lap and darted about 5 feet from him. Phainon’s face was red but the rest of him was white as a sheet as if he saw a ghost.

“Lady Aglaea!" Phainon stammered out clearly embarrassed. Not that Mydei wasn’t, he turned to face her but still couldn’t look her in the eyes.

“I figured it was you two then the threads detected two people coming up here.” She said matter of factly.

“Is there something we can help with?” Mydei asked, trying his best not to seem just as embarrassed as Phainon.

“Not particularly, I just wanted to give you two a quick note. They both looked at each other worried for a second before looking back to Aglaea.

“Okay,” Phainon said apprehensively.

“Next time the two of you decide to engage in activities…” There’s a painful pause as realization sets in. “Please do it somewhere truly private, I don’t want to deal with the fallout if you two get caught.” Mydei felt his blood go cold, and Phainon… Mydei didn’t know skin could be that white.

“You, you listened to us?!” Phainon asked, mildly horrified and extremely embarrassedly.

“Relax, I stopped listening almost immediately. I have no interest in listening to such things, I simply need you two to know I do not want you two getting caught by others.”

“Yes lady Aglaea.” Phainon said his embarrassment was still clearly seeping through.

She looks to Mydei as well, “honestly I’d expect something like this from him.” She said glancing at Phaninon again for a second.

“Wha- Hey!” Phainon sounded genuinely a little offended even if Mydei couldn’t help but agree with her assessment.

“But Mydei I hardly expected you to be so easily tempted as well.” Now it was his turn to be offended.

Of course truthfully he had nothing to say in retort, he was essentially the one that actually escalated everything.

“It won’t happen again.” Mydei simply replies knowing defending his ego against Aglaea was bound to end in failure.

She nods, starting to turn away before seeming to remember one last detail. “Oh and congratulations you two, love is a beautiful thing.” She said with a smile before stepping on the lift and disappearing below them.

“Oh titans, that was mortifying!” Phainon said dramatically flopping into the water.

“Extremely.” Mydei huffed in agreement

The bath was quiet for a short while before a laugh was heard from Phainon. Mydei couldn’t help but join, perhaps his own built up awkwardness from the whole situation or just Phainon’s own infectious laughter.

“You don’t think she will tell people about us right?” Phainon asked after coming down from his little laughing fit.

“I doubt it.” Mydei responds with a sigh at the end of his own laughter.

“Fair it’s not like her to do something like that,” Phainon agreed.

The bath was quiet for a long while as Mydei relaxed into the water once again. He felt in the waves as Phainon rested beside him, the two just quietly enjoying each other's company. It was rare the two ever got moments like this so Mydei did his best to savor it.

Of course as time crawled by Mydei felt Phainon shift next to him moving to face Mydei instead.

“Yes?” Mydei asked, his eyebrow quirked.

“Do you want to stay the night with me? Or maybe I could stay with you?” He asked nervously, rubbing circles into Mydei’s knee with his thumb.

“I suppose I have no better plans tonight.” Mydei answered with a smile, still unable to believe the situation he’s in.

“Yay!” Phainon said beaming and Mydei couldn’t help and leaned in for another kiss. Their lips met and Mydei indulged.

The fruit truly was sweet.
