call me what you want (and I'll be that)

by dustbowl

Summary

Phainon stares, astonished, at the card in his hands for far too long, and sure enough it's for the tattoo shop Mydei works at and it very much has his number printed on it.

He thinks he's getting hard again.

___

Phainon thinks he is going to have a typical work day, but Mydei surprises him.

Notes

This is certainly ooc but I needed to share my Phainon and Mydei septum piercing agenda. It may be a kink at this point idk. I'm very much not a writer so please be nice.... or go ahead and leave hate comments, I'm not your mother. Title is from unpunishable by Ethel Cain, I mean hey my username is dustbowl I might as well keep up the theme (I'm horrible at coming up w titles). I also wrote this on my phone so sorry if the formatting is weird. Thank you to my best friend Carnni for beta reading ヽ(｡>‿<｡)ノ♡

See the end of the work for more notes

Phainon was not an easy man to phase, whether it be a creepy middle aged bearded man flirting with him while signing for a piercing, or the middle aged cashier at his favourite cafe's constant nagging about the shiny golden horseshoe ring in his nose. Sure, she means well, but if he's as handsome as she insists he is, then some metal shouldn't make or break it. He does not blush, he does not stutter, he does not get upset, he keeps smiling like nothing in the world can get to him.

However, that all went falling through the floor when the bell above the door signaled the arrival of a customer. A particularly gorgeous customer. If he didn't have an ounce of shame he'd probably be drooling over the blond-red haired stranger and his pretty sunrise coloured eyes. Phainon can immediately tell the man is well built, he most likely spends more time at the gym than Phainon does.

"Hello!" Castorice greets enthusiastically from her place next to Phainon behind the counter. She has just finished an agonizingly long tattoo session and is getting ready to go home. (Stelle absolutely refused to split the session into smaller appointments, if Castorice wasn't so in love with her she would have whopped her on the head for being so ridiculous.)

"Hi." The new love of Phainon's life replies, and *fuck*, if his face wasn't red before it sure was now. Even the man's voice was painfully hot.

That deep voice was all it took for Phainon to be forced into chanting *'do not get hard on the clock, you are better than this.* " on repeat in his head.

If his schedule hadn't said what the man's appointment was for, Phainon would have been at a complete loss for what else he could possibly be getting pierced. The blond has glimmering golden hoops all down his ears, his septum, both of his eyebrows and a labret piercing. Phainon tries to ignore what he believes to be the outline of nipple piercings through the man's tight black shirt.

"H-hi! Mydei, right? The 3:00 PM appointment?" Phainon hopes, prays that he will disregard the crack in his voice. Incredibly uncool of him. He is a grown ass man, he should not have voice cracks anymore.

He keeps a smile on his face, even if internally he feels his composure become closer and closer to failing him. The man-Mydei, nods. Phainon

pushes the clipboard containing the consent forms over to him, pointing out where to sign if he doesn't want to read through the essay.

Phainon watches his fingers clasp the pen, signing in sweeping letters. He looks *so good* under the studio's neon lighting.

"Have you ever got anything done here before? I don't think I've ever seen you." Castorice inquires, she loves making small talk with interesting looking customers. It wasn't often that you'd find someone more tatted than her. Which Mydei certainly was, it did things to Phainon.

One would expect a tattoo and piercing studio to have many eccentric characters, but a majority of the customers were just basic people getting small uninteresting tattoos, or your average teenage girl getting her nose pierced. An industrial piercing was usually as interesting as it gets.

"No I haven't. Usually I'd get it done at the tattoo shop I work at, but our piercer had to take today off." Surely he could have waited for another day, but instead he chose to get it done here. Maybe it is fate. Mydei hands the clipboard back to Phainon, while he tries not to oogle the way his arm muscles contract.

Phainon wasn't surprised the man works at a tattoo shop at all, considering the thick flame-like tattoos curling around his bare skin, it was safe to assume there was more underneath Mydei's clothing. He really made Castorice's sleeves look minor.

And *oh* what Phainon would do to see the rest of the symmetrical artwork. *To appreciate the artistry* . He loves to sit in on Castorice's and Cipher's tattoo appointments when he has the chance to, it really is a talent he admires.

Lucky for Phainon and his appreciation of Mydei's conspicuous body- no, no his appreciation of the *arts* , Mydei is getting a navel piercing. Which naturally, requires one's stomach to be on display, then he gets to see how far his tattoos really go, among other things. He certainly has abs and Phainon will certainly have to take a break to jerk off in his car after this.

Kephale above, he's never beating the pervert allegations.

—

Phainon leads Mydei back into his personal piercing studio, instructing him to sit on the bench (unfortunately not his lap) while he sterilizes his equipment.

He feels Mydei's catlike eyes zero in onto his back, and Phainon almost wants to shiver at the attention. In discomfort or arousal, he's not sure. Maybe it's both.

“So, what made you decide to get a navel piercing?” He tries making small talk as he unpackages and sterilizes the needle and jewelry. It's a stupid question honestly, but he really wanted to hear Mydei talk more.

“I like them.” Mydei responds.

Oh, okay. Figures.

Phainon finishes up, the room smelling distinctly of alcohol. He turns back to Mydei as he pulls on his blue latex gloves and he's squinting at him, eyes darting around Phainon’s face like he can't believe his eyes.

“...What's up?”

"Usually I see piercers with way more piercings."

"Ah... yeah, I'm ironically not really good with needles, I actually did my septum myself and was pretty much sobbing." He replies sheepishly, quickly realizing what a humiliating

addition he made to his story. He did not need to add the sobbing part to the story. Is he stupid? Phainon internally groans.

Way to sound real cool in front of a hot guy, Phainon!

Fortunately, Mydei lets out an amused huff at Phainon's anecdote, rather than telling him how lame he is. He idly sweeps his bangs out of his face, and even *that* affects Phainon.

Phainon has very specific tastes in men, he generally leans towards women, courtesy of the disgusting men he dealt with at bars as a college student. But Mydei? Mydei is *divine* . Phainon could not live with himself if he scares Mydei away by being unbearably awkward.

"How was the tattoo then?" He questions, eyebrow cocked. His head is tilted like a confused cat. He's hot, he's adorable, and his voice is music to Phainon's ears. He tilts his own head to show off more of his tattoo.

Phainon has one tattoo, and one tattoo only, a golden sun Cyrene had drawn on his 18th birthday card, so naturally his drunk brain, freshly blessed with adult freedoms, decided to get it tattooed right on his neck. (Anaxa did the honors, Phainon was blessed that Anaxa liked him, because otherwise he would've bit his head off when he kept shuffling and squirming in his seat. He later started apprenticing at the shop Anaxa works at.)

"I would've been screaming if I wasn't wasted!" Phainon retells the story enthusiastically, his heart skipping beats at Mydei's soft laugh.

"You're so cute."

Phainon's already large eyes widen almost comically, his face morphing into red, matching the fiery tips of Mydei's hair. He wants to jump for joy.

He thinks I'm cute!!!

"T-thank you!" His voice cracks again.

Mydei clearly finds it amusing how easily flustered Phainon is, judging by how he's smirking so damn smugly.

Don't get hard, don't get hard-

Phainon closes his eyes, and takes a deep breath. He has a job he has to do. That job is not hopelessly pining over an incredibly attractive customer he has known for 10 minutes at most.

"Can um- can you lift your shirt up and lay down?" Phainon requests meekly. He has not been down this bad *ever* . His heart is already beating out of his chest. And yes, of course he is excited to see more of the man's flesh. No he doesn't think his heart can take it, much less with *'you're so cute'* running through his head.

Mydei lifts his shirt up, higher than necessary, and it gives Phainon a first row view of his chiseled abdomen and chest. His chest is highlighted by his nipples, which are in fact, pierced! The bars in them are gold and glimmering, and Phainon cannot help but wonder if they're as sensitive as they look. His black joggers are so low on his hips that Phainon can easily see the tattoos lead to his adonis belt, and dip down below the waistband, and it's not helping the do-not get an erection situation *at all.*

Leering over Mydei while the blond lays down almost makes Phainon short circuit, but hot man or not, he is a professional.

Unlike he expected, Phainon's heart does not give out as he marks the piercing's placement with a toothpick dipped in ink. Mydei looks at the placement, approves of it, and gives Phainon the go ahead to pierce.

"Okay, take a deep breath and one, two, three-" the needle goes through smoothly, even with Phainon's hands shaking. He is the most sought after piercer in the area for a reason, afterall.

Mydei *moans* as the needle exits the other side of his skin, and it goes straight to Phainon's cock. Which is now hard. On the clock. Phainon lets out the most pathetic, strangled, choked noise anyone has ever heard. Grunting, yelping, even screaming is typical. But *moaning* ?

Thank god the needle is already through.

“Sorry- couldn't help it.” Mydei apologizes, not sounding sorry at all.

“It's okay! Haha, no worries. I'm going to put the jewelry through now, feel free to moan. Or- I'm going to stop talking now.” Phainon stammers, and Mydei snorts at him like he isn't going to kill Phainon via ‘dick too hard it explodes syndrome’.

Mydei exhales as the golden curved barbell goes through, and it's almost more erotic than the moan. Is it weird to tell someone they’d make a great porn star? Probably.

Phainon is screwing the ball on, begging his erection to calm down, when Mydei drops his arm that was holding his shirt up. It directly brushes against Phainon's clothed erection.

Phainon *whimpers* , like a dog that is being denied a treat. He freezes, and his whole body is almost as stiff as his little Phainon. It was barely any stimulation, but it was enough to finally crack his composure.

The room is dead silent.

“Oh?” Mydei smirks, breaking the silence, lifting his hand again. He does not jerk his arm away like a sane individual, instead he cups Phainon through his pants.

“Mydei-” Phainon chokes out, taking his gloved hand away from the fresh piercing and placing it onto Mydei's wrist. Not pushing it away, not pulling it closer, just gripping there like it's his only connection to the world.

“What’s got you so worked up, Phainon?” Hand still groping Phainon, he sits up.

“Mydei- be careful, the piercing!” Phainon blurts, hand flying up from Mydei's wrist to his shoulders. Mydei chuckles and releases his dick.

“Phainon. *Answer me* .” Mydei demands, and if he asked Phainon to bark, he would. He would be the best goddamn dog Mydei has ever had.

“ *You* .”

Mydei grins at the confirmation, hopping off the bench and dropping to his knees in front of Phainon.

“What!”

“Can I suck you off?” Mydei asks eagerly, fingertips already dipping into Phainon's waistband.

Rationally, professionally, Phainon should say no. This is not sanitary, and probably illegal!

He does not tell him no.

Instead, he gulps and nods, tugging off his gloves and throwing them to the floor. Mydei beams up at him, and *fuck* he is *so , so beautiful.* Even as he tugs Phainon's thick cock free and wraps his hand around the base he is ethereal.

“I'm not in the habit of blowing strangers, but I'll do my best.” Phainon nods again, breathless already. With that, Mydei drags his tongue- also pierced, across his leaking tip and he *cums* . Instantly. Everywhere.

There is cum all over Mydei's tongue and his tattooed cheek. His face burns red, now matching Phainon's. His eyes are wide and unblinking. Phainon is *mortified* .

“I’m going to kill myself.” He says aloud. It's not completely his fault, he hasn't been blown since he had a girlfriend in college. It's perfectly normal for him to bust immediately, after all these years! Probably!

Mydei stays silent for a moment longer, before he starts laughing, and Phainon really is going to end it all.

“I'm flattered- really. That's all it took?”

“I'm sorry! You're just- it's been so long and you look like *that* .” Phainon sputters, doing his best to defend himself. *Surely* Mydei knows how attractive he is, and will understand.

“It's fine, I'm not mad, Phainon. Can you go again?” Mydei digs his nail into the slit of Phainon's dick, which begins to stir back to life. Kephale bless his short refractory period.

“ *Yes* , gods yes. *Please* Mydei.” He begs, hands burrowing into Mydei's blond-red hair, and it's even softer than it looks.

“Good boy, try not to cum too quickly this time, okay?” Phainon nods again, new praise kink acquired, and Mydei’s mouth immediately engulfs the head of his cock.

He whines, that damned tongue ring and the overstimulation creating a wonderful combination of sensations. Mydei licks around the head a few times before slowly taking more and more into his mouth. His hands dig into the back of Phainon's thighs, tugging him forward for those last few inches to go down his throat.

Greedy .

“Fuck. *Fuck*- Mydei *you feel so good . ”* He rambles, fucking into Mydei's slick mouth and throat, matching the rhythm with the bobbing of the blonds head.

He hasn't gagged once, and Phainon needs to ask for his secrets. Or maybe even a hands-on lesson from him. He takes it so fucking good. While he doesn't gag, tears still well in his sharp eyes, threatening to spill over. One of his hands leaves Phainon's thighs, instead reaching into his own pants to touch himself.

He's hard just from blowing me, holy fuck.

Mydei pulls off with a pop, leaving little kitten licks on his tip while his free hand fists around the base of Phainon's cock. There is precum and spit dangling from Mydei's bottom lip, the textbook definition of sin.

The second Mydei throats him again, Phainon's hips stutter and he cums down Mydei's tight throat.

“Sorry! Sorry- I should've warned you!” Mydei just hums, removing his mouth from Phainon.

“You can spit it out!”

Giving no care to Phainon's words, he makes eye contact and swallows. The man then sticks his pierced tongue out, clean, like he needed to prove he swallowed it. Phainon's jaw drops, and surely he looks stupid, but Mydei just strokes himself with more fervor now.

“You're fucking divine Mydei.” He almost whispers, awe struck. Mydei’s face contorts in pleasure, and he whines, bucking into his own hand one more time before he cums.

It's a few seconds of heavy breathing before anyone speaks again.

“That thing is a *weapon* .” Mydei mutters, hoarse, vocal cords abused to all hell as he points to Phainon's flaccid dick.

“My bad for being hung.” Phainon chuckles, tucking himself back into his pants. He reaches a hand out to Mydei, who graciously takes it and Phainon pulls him back up.

Phainon clears his throat, avoiding eye contact with Mydei.

“So, the aftercare sheet-”

—

Discussing the piercing aftercare itself didn't take long, with Mydei being so experienced, but the furious making out did take a while.

With all said and done, Phainon leads Mydei out of the studio back to the (thankfully) empty lobby. He gives Phainon a quick "thanks" before he turns around and gives him a glossy business card.

"This has my number on it, maybe I could show you the rest of my tattoos, you seemed very interested in them." He nonchalantly spins around, not waiting for a response. The bell above the door rings again as he exits.

Phainon stares, astonished, at the card in his hands for far too long, and sure enough it's for the tattoo shop Mydei works at and it very much has his number printed on it.

He thinks he's getting hard again.

End Notes

I will be fighting the urge to delete the fic out of embarrassment for the rest of the day. Take a shot everytime I say "Mydei" or "Phainon" if you want to have a fun night.
