change of pace

by jaemint33th

Summary

Phainon and Mydei meet at the gym and quickly become friends, with Phainon being especially excited about this new friendship. He thinks he admires Mydei's body purely from an aesthetic perspective, but the truth may make him discover new things about himself.

Or Gym Bros Phaidei with Straight!Phainon and Gay!Mydei

Notes

The first phaidei fic I posted has already become my most kudos'd fic of all time ! I feel so grateful to write for such a passionate community <3

I was brainstorming this before Sweat Blue came out but it definitely served as further inspiration

Important viewing: Mydei's slutty lil gym outfits
Also: pancake stretch

See the end of the work for more notes

“Fuck,” Phainon curses under his breath as he drops the barbell to the floor. “I need a break.”

Phainon grabs his gym bag and drags it over to the nearest bench to sit down and take a rest. He just finished his forty-five minute full body barbell workout and now he wants to die. He chugs his water, only taking breaks to catch his breath before drinking more. Phainon got off work late tonight and typically he’d just do a home workout before crashing in bed, but he felt like going to the gym instead.

Phainon pulls out his phone to start scrolling as he rests. He notices a text from a girl he met a few nights ago but ignores it. He’ll respond later, maybe. All he can remember about her was that she had blonde hair and tattoos because he may or may not be into that. Phainon’s not really looking for a girlfriend right now, but sometimes he feels envious when he sees his friends hanging out with their girlfriends. A hookup could be fun, maybe.

As he’s thinking about what he should reply with, Phainon gets distracted by a plump, muscled ass doing a pancake stretch on the mat in front of him. It seems to be a very buff lady who has her blonde and red ombre hair pulled back in a clip of some kind…the one with the big teeth. (Jaw clip? Something like that.) But Phainon doesn’t mind, he’s very much into muscles on women. And blonde hair. She’s wearing an oversized hoodie and tiny shorts that are honestly giving him too good of a view to not get flustered. Especially the red tattoos on her thick legs. She’s lying totally flat on the floor with her head down, as if she’s bored from perfectly pulling off such a difficult stretch. Phainon could never do a stretch like that in a million years.

Phainon temporarily consoles himself with the fact that women are naturally more flexible, but gets ripped from his thoughts when she starts getting up. He’s eager to see her face. And —

Oh!

Okay, that is in fact a man.

Phainon was ogling a man’s ass. Great.

A man who he characterized as being perfectly his type. Cool.

The man starts walking in his direction and Phainon immediately turns all of his attention back to his phone. It had turned off in the time he was staring at a dude, so he shamefully turns it back on even though he was trying to pretend like he was already looking at it. Yeah, maybe Phainon *should* die.

In his peripheral vision, Phainon can see the guy walk over to his bag that happened to be placed on the same bench he’s currently sitting at. He can hear him rustle around in his bag before he starts to tug off his hoodie. Phainon can’t help himself when he sneaks a glance at his body only to realize that he hadn’t been wearing an oversized hoodie at all, and that he actually is just that big. And what’s revealed to Phainon is a very loose muscle shirt that

barely hides anything. The red color matches the tattoos that seem to cover his entire body. Phainon's gaze is fully fixed on the man's large chest.

How can a man's chest be that big?!

It makes Phainon feel…something. Jealousy? No, not really. Maybe it's inferiority? But Phainon's quite proud of his body so he doesn't usually care that much if someone has a nicer one than his.

Before Phainon can give it any more thought, he realizes that the man is now looking right at him. Oh shit. Phainon tries to hide his surprise by showing a friendly smile. His heart race increases out of sheer embarrassment and shame from getting caught staring. This is Phainon's first time getting a close view of the man's face and he feels like his golden eyes are staring into his soul.

The man just raises a brow at him. "Do you need someone to spot you or something?" he asks with nothing but confusion in his deep voice.

Phainon jolts up into a standing position. "Oh! Uh, sure," he agrees, laughing softly to get rid of the awkwardness inside of him. He's not done with his workout so this actually turned out well. "And sorry for staring by the way, you just have a really nice body."

Why the fuck did Phainon just say that?

The man widens his eyes for a split second before returning to a neutral expression. "Thanks. I'm Mydei."

Phainon smiles brightly and genuinely this time, thankful that he didn't ruin this possible friendship. None of his friends ever agree to go to the gym with him so he's eager to make a gym friend. "I'm Phainon! It's nice to meet you," he introduces himself, holding out his hand in greeting.

Mydei gently returns his hand shake. "Likewise."

A surprisingly soft handshake for such a big guy, but whatever.

"Your tattoos look really good on you," Phainon blurts out.

Was there stupid juice inside of Phainon's water or something?! Why the fuck is he being a weirdo?

Mydei doesn't say anything at first. He just drags his gaze over Phainon's body and Phainon starts internally freaking out. Is he going to fight him?! But then Mydei subtly smiles at him and he's suddenly no longer concerned about the fight.

"Thanks, they're cultural." Mydei's golden eyes rake over him once again. "I like yours too," he says, pointing at his own neck to show the one he's talking about.

Phainon bashfully brushes his fingers over the neck tattoo that he got as soon as he became an adult. "Thank you! Mine's cultural as well."

Phainon's dad has the same sun tattoo, which is most of the reason as to why he himself got it. But it's also typical in Aedes Elysiae for the first born son to get a sun symbol tattooed.

"So, want to move over to the bench press?" Mydei suggests.

"Yes!"

"Dude, who're you texting?" Caelus asks before shoving a cluster of fries into his mouth. He then speaks again but with his mouth full, "Ah gwirl?"

Phainon finally looks up from his phone. "No, it's a guy I met at the gym a couple of weeks ago. We've become friends."

Phainon finishes his text to Mydei and puts his phone face down so he won't get the urge to look at it again. Mydei went shopping and was asking his opinion on some new gym clothes. Phainon's honestly useless at that kind of thing but he tried his best at picking what he thought would look best on Mydei. Nearly everything Phainon wears has been picked out by Anaxa because he insisted that Phainon's original wardrobe was 'terrorism.' But Mydei ended up buying a tight, red sleeveless shirt that Phainon suggested. Phainon liked it because the gold pattern on it looked like Mydei's tattoos. He's excited to see him wear it.

Mydei and him ended up clicking surprisingly well, deciding to share phone numbers the day they met. They've texted nearly every day since and even started planning their gym visits to match up with each other.

Right now, however, he's out to dinner with Caelus and Anaxa. Phainon and Caelus have a bigger friend group but they're both individually friends with Anaxa so sometimes they'll hang out as a trio like this. Their friends aren't homophobic to Anaxa or anything like that, he just doesn't like them. Anaxa says that he and Caelus are the 'only tolerable straight men' he knows so that's why he's not technically part of their group. Phainon's happy to see them but he can't help thinking about seeing Mydei tomorrow.

"I thought you got a girlfriend or something," Caelus says.

"What? Why?" Phainon asks. The last girl he showed slight interest in was that girl who he never ended up texting back.

Caelus shrugs. "I know you're a happy guy but you were smiling like a dumbass just now."

Phainon instinctively grabs his face to find that, yeah, maybe he was smiling a little too hard.

"He looks like a dumbass every time he smiles," Anaxa adds while stirring his cocktail.

"True."

"Hey!" Phainon protests. "No, but he's a really cool guy. His names Mydei and we started working out together. He's really built."

“Cool. Is he bigger than you?” Caelus asks.

Phainon thinks about it for a second. “We’re pretty similar but his chest and ass are definitely bigger than mine.”

Anaxa side-eyes him. “Interesting observation.”

“I wanna see,” Caelus complains childishly.

“I’ll show you his Instagram,” Phainon says while picking up his phone and is slightly disappointed to see that Mydei hasn’t responded yet. “He doesn’t really post much about the gym though. Most of his feed is a bunch of girls.”

“A ladies man?” Caelus wiggles his brows. Anaxa rolls his eyes at him.

Phainon shrugs. “Probably. He’s really nice and somehow always smells good,” he nods while handing his phone over to Caelus with Mydei’s Instagram open. Anaxa looks too. “And he bakes! This week he brought me some stuff he made. It was so good. His never breaks form too, like I need him to spot me way more than he needs me to spot him. But I like watching him.”

Anaxa takes a long look at the account before looking up to squint at him. “Oh, I’m sure,” he says, tone suspicious.

Both Phainon and Caelus ignore him.

“It’s the same girls every time,” Caelus observes as he scrolls through Mydei’s pictures.

The same three women are featured in a lot of Mydei’s posts. He rarely has any without at least one of them. One with gold hair, one with purple hair, and one with gray. Phainon doesn’t really know what to make of it.

Caelus starts tapping more buttons on his profile. “Dude, the one with purple hair is on his story right now.”

It’s a selfie of the two of them holding iced coffees and smiling.

“Yeah, he seems to be closest to that one. I think it’s probably his girlfriend but he’s never mentioned her.” Phainon almost starts frowning but controls himself.

Is he disappointed that Mydei hasn’t shared this with him when Phainon thought they were friends? Probably.

Anaxa laughs all of a sudden. Caelus and Phainon both look at him, saying in unison, “What?”

“Oh, nothing,” he says, waving his hand in denial but keeps the weird expression on his face. “I’m glad you made a new friend.”

“Me too,” Phainon says, grinning now. He’s excited to see Mydei again tomorrow.

***

“Just one more set, Phainon, you got this,” Mydei encourages from where he’s standing behind the bench press.

Phainon’s huffing and puffing as he lifts the large weight over himself. He’s trying to focus but his eyes keep shifting over to Mydei. Something he noticed when he started working out with Mydei is that he always stands closer than is typical for a spotter. Phainon supposes it’s just a quirk of his, so he should be used to it but sometimes it’s a little distracting.

Mydei’s wearing the new sleeveless shirt he bought yesterday, and it’s really tight on him. And the way that…*certain* parts of Mydei’s top half protrude from his own body is made very noticeable in this shirt. When hovering above Phainon, he can’t help but look. Just for a bit though. He needs to finish this workout.

With a final grunt, Phainon places the bar back up on the J-hooks and lets his arms fall down.

“Nice job,” Mydei compliments.

“Thanks,” Phainon pants as he sits up and grasps at his water bottle. He drinks quickly before a few more gasps for breath. Shortly after, he calms down and throws one leg over the bench so that he’s facing Mydei where he’s standing. “Who are all the girls on your Instagram?” Phainon blurts out before he can think about it.

Shit, Mydei’s going to think he’s annoying.

Mydei slightly tilts his head in confusion at the random question but answers anyway. “My friends.”

“Oh,” Phainon lets slip from his mouth. Mydei’s response made him feel better but he doesn’t know why. “How long have you known them?” he asks instead.

“Uhh, since college I guess. We all kind of randomly met and have managed to stay close ever since,” Mydei smiles as he recounts his memories.

“That’s really nice,” Phainon smiles, nodding along.

“Yeah. Funnily enough, my ex-boyfriend introduced me to two of them,” Mydei chuckles.

Wait, what?

“Boyfriend?” Phainon asks, both surprised and confused.

Mydei furrows his brows like he should be the one confused right now. “Uhh, yeah. Why?”

“Oh. So you’re gay?”

“Yes…wait, I’m confused,” Mydei declares after pausing. “Are you not as well?”

“What?!” Phainon exclaims in disbelief. “No! I’m straight. I’m not homophobic or anything, but I only like women.” He looks around realizing he was a little too loud for a public place, but thankfully there’s barely anyone around them and the music is loud enough to block him out.

“Okay. Sorry for assuming then,” Mydei apologizes.

“It’s fine! But, uh, why did you think that?” Phainon inquires, not being able to understand how Mydei decided on that. Anaxa’s even made fun of him by calling him ‘too straight’ before!

“It’s nothing really,” Mydei brushes it off, shaking his head.

“No, it’s okay! You can tell me.”

“Sorry, I just thought that you were flirting with me this whole time. But I guess I was mistaken. My bad,” Mydei explains, shrugging.

“Flirting with you?” Phainon repeats back then proceeds to devolve into forced laughter. “That’s funny. But uh, um, do you like me or something?”

Mydei laughs now. “I wouldn’t go that far, but I do find you attractive so I was okay with it.”

Before Phainon can think about why that first statement stings, he perks up again. “You think I’m attractive?” His eyes widen as he asks, hopeful.

“Well, yeah,” Mydei agrees, smiling subtly before it vanishes from his face. “But if that makes you uncomfortable then I get it.” He appears to be closing himself off with that statement, like he’s already trying to create distance between them in case Phainon was actually bothered.

Phainon can’t let him think that!

“No! Not at all. One of my friends is gay.” Is what he comes up with.

“…Cool.”

***

Phainon’s last conversation with Mydei hasn’t left his head for the two days that they haven’t seen each other. He’s going to see him tomorrow but he’s nervous that it’s going to be awkward. They didn’t finish their last gym session on a sour note or anything like that, and they’ve texted a couple of times since. But for some reason, knowing Mydei is gay is having an effect on Phainon. Phainon doesn’t even know what the effect is though, which is making everything complicated. He’s never been weird about the fact that Anaxa’s gay so what’s the issue?

Phainon finally decided that he must consult someone about his feelings before he sees Mydei tomorrow. Ugh, he almost feels shy now at the thought of seeing him.

“Sooo…Mydei’s gay,” Phainon states.

“Ha! It seems I was correct then,” Anaxa gloats as he marks another paper. (Phainon kind of barged into Anaxa’s home when he was busy grading his students’ assignments.)

“What?! You knew? How?!” Phainon was expecting Anaxa to be surprised!

“Well, all those lesbians on his Instagram account was my first clue,” he says conversationally, not even looking up.

“Huh? How can you tell they’re lesbians?”

Anaxa finally looks at him, deadpan. “Phainon, am I seriously the only gay person you know?”

“Uhh,” Phainon ponders aloud.

Anaxa shakes his head and squeezes the bridge of his nose in between his fingers. “Don’t answer that.” He goes back to grading.

Phainon sits back in his chair as he stares across the dining table at Anaxa working. Moments pass as Phainon gets caught up in his thoughts. He mulls it over and thinks about whether it’s appropriate to ask or not, but he needs to know, so he does it anyway.

“Do you think that he would—like, you know?”

Anaxa sighs. “Use your words, Phainon.”

“Do you think he likes to, like, take it?” Phainon stumbles through an explanation.

“Are you asking me if he bottoms?” Anaxa somehow understands him.

“Yeah, that.”

Anaxa drops his pen and holds his hand out in front of him. “Show me his account again,” he says, opening and closing his hand to show that he wants Phainon’s phone.

Phainon quickly pulls up his account and hands it over. Anaxa snatches the phone from his hand and starts looking at Mydei’s pictures.

“Hmm, with guys like him,” he ponders aloud while scrolling. “I feel like it can go either way.” Anaxa shrugs while handing his phone back, though he must notice Phainon’s slight pout because he tries to amend his statement. “*But*, based on the way he dresses and the kind of friends he keeps around him, I’d say he’d bottom for you.”

“For me, what?! I wasn’t asking that!” Phainon shouts, now suddenly flushed and embarrassed. He takes his phone back and shoves it in his pocket.

“Oh? I thought you were,” Anaxa supplies casually.

“I definitely was not. I’m straight, Anaxa,” Phainon assures.

Anaxa sighs loudly and brushes his hair off his shoulder. He takes on a serious expression and looks at Phainon with importance, who now feels the urge to cower into himself.

“Phainon, listen closely to what I have to say,” he starts. “Your sexuality doesn’t have to make sense. If you think he’s hot and it’s reciprocated, then you can have sex and decide it didn’t mean anything. Or you can discover something new about yourself and want to do it again. Saying you’re this or that sexuality ultimately doesn’t matter. Just fuck whoever you think is hot. I don’t know why *you* all off people are thinking so hard about this,” he finishes off with a snide comment and goes back to his work like he didn’t just break Phainon’s brain.

Is Anaxa right? Is that was Phainon wants? To be with Mydei in that way? Fuck, this is not exactly the clarity he was expecting when he sought out Anaxa.

***

Phainon’s back at the gym with Mydei and everything has been completely fine and normal and not weird so far. He greeted him casually, like he always does, and they’ve been working out normally, like they always do. Nothing different.

It’s just that he can’t stop staring at Mydei, which, okay, maybe Phainon already did that but he’s never been so aware of it like he is now. They’re at the gym late tonight because both of them finished work later than what is typical for them. There’s hardly anyone there since it’s the middle of the week so he should be happy at having more space to himself, but his brain is so muddled that he doesn’t even care. Anaxa really fucked him over yesterday.

After Phainon thought that Mydei was a woman when he saw him stretching for the first time, he made it a point from there on to try and not look at him when he’d stretch. Phainon supposes that he didn’t want to think about Mydei in that way because it confused him too much to be attracted to a man. But now that he realizes he might in fact be attracted to Mydei, he gave in to watching him stretch before they started their workout. And Phainon even thought that maybe confronting his previous fear would make him realize that he doesn’t actually want Mydei in that way. That maybe he’d see Mydei laid out on the ground or bent over and realize he was scared of nothing because he’s not actually attracted to him like that.

Well, no.

Mydei wore a tiny, cropped tank top today with the tiny shorts he always wears. And he has a pretty braid pulled back into his ponytail.

So watching Mydei stretch was humiliatingly eye-opening for Phainon. And his mind has been tainted with perverted thoughts since. All of a sudden, he’s thinking about grabbing and touching Mydei. His waist, or his ass, or even his thighs and chest. It’s disorienting to Phainon because he doesn’t consider himself a pervert nor has he behaved this way around any of the women he’s been with.

Phainon is sure that Mydei is noticing his peculiar behavior as well. When he’d catch Phainon staring, he’d stare back, causing Phainon to immediately look away like an idiot.

That continued for the whole workout, until now, because *now* Phainon feels like Mydei is playing into it.

They finally decided they're done for the day and now Mydei is doing his post-workout stretches. Phainon will only stretch before he starts but not after, and Mydei continues to tell him that he should do both. But Phainon always feels too lazy afterwards so he usually just leaves earlier than Mydei, except for today. Because right now, he's leaning against a pillar watching Mydei, and his thoughts are starting to wander.

Mydei is doing a standing forward fold with one foot positioned half a meter in front of the other and the back of his legs facing Phainon. The front of his face is pressed against his knee like it's easy. Phainon looks at his bare legs with want. He'd like to run his hands over them or rub his face against his thighs. Phainon bets they'd feel so strong under his grip. And the tightness of Mydei's shorts defining his ass perfectly is too sexy.

Mydei seems to want him dead because the next thing he does is seamlessly drops down into the splits. Phainon gasps under his breath. He didn't know Mydei could do that. Phainon regrets not staying to watch Mydei stretch all those times before.

Mydei stretches forward in the splits for a moment before he starts moving again. He gets out of the splits and instead gets on all fours, now showing Phainon his side view. And then he arches his back and Phainon silently groans. How is this real? Phainon starts imagining Mydei getting fucked like that. He wonders again if Mydei truly does bottom because right now, he looks like he's made for it. Did his ex-boyfriends treat him well by giving him what he deserves? Phainon thinks about how Mydei would sound and he has to dig his nails into his palms to keep himself in check.

When he finally pulls it together, he sees that Mydei is looking at him. Well, kind of at him. Phainon looks down at himself to see what Mydei's looking at and finds that he has an erection. Oh fuck. He fearfully looks up at Mydei again and sees that he's smirking at him. His gaze is heated and Phainon feels like he's melting.

Mydei gets up off the ground and walks over to him. "Can you come to the locker room with me?" he tilts his head as he asks.

Phainon doesn't even think before nodding.

They both grab their bags and head to the locker room. Phainon trails behind Mydei, walking uncomfortably with a boner and trying his best to conceal it with his bag. And since there's hardly anyone in the gym, there's no one in the locker room. As Phainon's looking around to make sure, Mydei grabs his arms and guides him until he's pressed up against the lockers. Mydei pulls out his ponytail, drops his bag, and trails his fingers up underneath Phainon's shirt. The touch makes him drop his bag too. Mydei strokes over his abs and gives him the sexiest look Phainon's ever seen.

"You know, Phainon, I don't usually entertain guys like you, but I like you enough to give you a free pass. Are you down?" Mydei says sultrily, pushing his chest against Phainon's. The low neckline of his cropped tank kind of gives the illusion of cleavage when they're pressed together like this…

“O-okay,” Phainon stutters, tearing his eyes away from Mydei’s chest. “Are we gonna have sex?”

Mydei huffs a small laugh. “No, no, not all the way. You should start with something minor. See if you like it first.”

“Okay.”

Next thing he knows, Mydei’s grabbing his hand and pulling him along to the showers. Phainon feels nerves creep up inside of him when he thinks about doing something sexual in a public place. He’s never done that before! Not even in a car!

“Are we gonna—“

“Yeah,” Mydei answers before he can finish and brings them inside the biggest shower at the end of the hall. He closes the white curtain behind them and turns to Phainon. “Strip.”

Phainon happily complies. They both take everything off and put their things into the small cubby opening in the wall. Before he can get a good look at Mydei’s naked body, Phainon’s being pressed against the wall again. Mydei sensually leans into him, wrapping his arms around Phainon’s neck and kissing him on the lips. Phainon freezes briefly in surprise from the feeling of kissing a man but then remembers it’s Mydei he’s kissing and eagerly reciprocates. Phainon wraps his arms around Mydei’s waist and pulls him in closer, causing their dicks to touch. He shivers at the contact and pushes his tongue into Mydei’s mouth.

Phainon wants to touch all over Mydei’s body but Mydei said for them to take it slow so he’s holding back. Though it feels really good to kiss him, so Phainon’s satisfied.

Mydei then reaches an arm out to the wall cubby and fiddles around for a bit before taking out an item. He breaks the kiss so he can open the small bottle of lube.

Phainon’s gasps in shock. “Where did you get that?”

“I put it in my pocket earlier,” Mydei says casually, as if it’s completely normal.

Before Phainon can put more thought into it, Mydei takes hold of both their cocks and positions them upwards as he drizzles lube over them. Phainon flinches from both the touch and the cool sensation. He had the passing thought that he might get grossed out once he saw another man’s penis up close but thankfully that is not the case. (In fact, Phainon can’t stop looking at how pretty it is.) Mydei hums as he lathers the lube over both their dicks, causing Phainon to moan softly. God, and to think that Mydei’s not even necessarily trying to please him right now but it already feels good. When did he become so sensitive?

“Let’s do it like this,” Mydei guides, using his other hand to take Phainon’s arm from around his waist and position it close to his dick. Mydei fully grasps onto Phainon and slowly starts jerking him off.

Phainon gets the message and wraps his own hand around Mydei, moving it up and down.

“That’s right. Do it like you’re doing it to yourself.” Mydei picks up the pace of his hand, leading Phainon to do the same. “Mhm, good,” he pants.

The advice helped because Phainon almost feels like he’s jerking himself off, but knowing that it’s actually Mydei making him feel like this is even more pleasurable.

“You’re pretty big, huh? You’re filling up my hand,” Mydei chuckles, acknowledging his size.

Phainon feels flustered but internally preens at the compliment. Mydei’s dick is pretty big too considering the size of his body, but Phainon’s certainly thicker.

Phainon leans in to kiss him again and it’s desperate. Mydei moans into his mouth, putting his hand on Phainon’s chest as he starts paying special attention to the head of his cock. Phainon distantly thinks he can hear his own moans echoing off the walls. This whole experience is so new to him and it’s making everything feel heightened. Mydei’s hand feels so good and his lips are so soft. But he wants more of him.

Phainon breaks from the kiss and lets go of Mydei’s dick. “Wait,” he says, causing Mydei to instantly stop and even back away from him. Phainon realizes that Mydei’s probably thinking he wants to stop completely so he pulls him in close again. “Can you turn around?”

Mydei goes from being worried to confused. “I can’t touch you properly like that.”

“It’s okay, you don’t have to,” Phainon quickly amends, his smile forced.

Mydei then raises a brow and smiles like he caught on. “You wanna look at my ass.”

Phainon has to squeeze his own dick to control himself before letting out a strangled, “Yeah.”

Mydei tries to hide his laugh but still complies, taking his time as he presents his back to Phainon who greedily takes it in. His hands instantly reach for Mydei’s hips as he finally feasts his eyes on the most beautiful ass he’s ever seen. It’s so perfectly round and toned. Fuck, he’s so hot. Phainon’s hand starts jerking himself off, as if on instinct, as he imagines what he wants to do to Mydei’s ass. Phainon’s always considered himself an ass-man so it should be no surprise that a sexy ass is all it took for him to realize he might like men too.

“You’re so—fuck,” Phainon says like a dumbass.

Mydei looks over his shoulder at him and Phainon can sense the evil thoughts inside of him. And they seem to come into fruition when Mydei arches his lower back and spreads his ass cheeks apart with both hands, exposing his tight, pink hole just for him.

Something inside Phainon snaps because before he realizes what he’s doing, he’s bending Mydei over against the wall and sliding his dick in between his ass cheeks and up against his clenching hole. He can hear Mydei gasp as he plants his hands onto the wall but Phainon’s so solely focused on thrusting, the residual lube on his cock doing all the work. The visual of sliding his dick between Mydei’s sexy fucking ass is so erotic. His ass feels so good and he’s not even inside of him yet.

It's that thought that makes Phainon feel even more needy as he crowds up on Mydei's back until his chest is pressed flat against him. He takes one of his hands off Mydei's hips and uses it to grab one of his tattooed pecs. Phainon moans in his ear as he squeezes down.

"Fuck, Phainon," Mydei groans, now getting off with his own hand.

"Mydei, I'm close," Phainon pants as his thrusts become erratic.

"Me too!"

Soon, they're reaching climax as both of them shiver and moan. Phainon breathes heavily as his orgasm washes over him, still soaking in the feeling of being close to Mydei like this.

Mydei then looks back over his shoulder. Phainon follows his gaze only to notice that he ejaculated onto Mydei's back!

"Oh, shit! Sorry," Phainon quickly apologizes.

"We're already in the shower," Mydei waves it off like it's not a big deal.

"But, still…" Phainon trails off as he watches Mydei reach back to touch his cum with his fingers.

Wow, he really doesn't care. Phainon doesn't know if it's worse to feel jealous or turned on by how nonplussed Mydei is about getting cummed on. Phainon knows that most girls don't like that kind of thing so it feels like something he should get permission for first. But if anything, Mydei seemed pleased by it.

"I don't mean to sound like a whore but I'm used to it," Mydei reveals while turning on the shower and getting beneath the water.

Okay, yeah, a feeling of jealousy is winning out right now.

"Oh, I see," Phainon says, trying his best not to sound too whiny. He watches as Mydei quickly washes himself off with soap and water.

Mydei looks over at him. "Sorry that I underestimated how ready you were. I wasn't expecting for you to take control like that, but I was into it." He smiles sexily.

"Oh, I see!" Phainon says, now trying his best not to sound too excited.

Mydei takes one of the complimentary towels inside of the shower and dries down. He walks closer to Phainon as he ties it around his hips. "How about we do the real thing at my place tomorrow night?" he says, tilting his head up at him.

"Yes."

"Great." Mydei leaves, but not before kissing him on the cheek.

Phainon can't believe that happened.

***

Phainon can't believe this is happening right now.

The following day, Mydei texted him his apartment's address and Phainon eagerly waited until it was time to come over. When it was time, he drove over, rang the doorbell, and was happily let inside.

But right now, Mydei is sucking him off against the front door. Phainon barely said two words before he was being pushed against the door with Mydei sinking to his knees in front of him. He made a comment about Phainon already being half-hard but it didn't embarrass him. How is he supposed to be normal about being able to fuck someone like Mydei?

Phainon moans purely at the view of Mydei on his knees for him, looking up into his eyes as he gives him the best head he's ever received. He's glad the door is behind him because his knees nearly buckle underneath him. Mydei's taking him so deep in his mouth without batting an eye and it's so hot.

"Shit, you're so good at this," Phainon says airily. He pets at Mydei's soft hair and permanently imprints the sight of his golden, tear-filled eyes into his brain forever.

Mydei grabs his wrist, pulling Phainon's hand down to his cheek so he can feel himself through his mouth. Phainon can literally feel his dick twitch at the realization, but then Mydei pulls off. He slowly strokes Phainon's dick but still holds his hand against his cheek.

"Are you close?" Mydei inquires before slipping Phainon's thumb into his mouth.

"Y—es," Phainon chokes.

Mydei smiles. "Let's move to the bedroom then," he says, standing up now but still holding Phainon's hand. He leads them deeper into his apartment.

Phainon clumsily maneuvers his rock-hard dick back into his sweatpants as he lets himself be led because it'd feel weird to walk around with it out. They finally get in the bedroom but don't actually get on the bed because Mydei pulls him into a kiss. Phainon, feeling bolder now, grabs his ass and pulls him closer. He squeezes firmly with both hands and it feels like heaven, the feel being both soft and strong beneath his fingertips. Mydei lightly laughs into the kiss and starts pulling at the hem of Phainon's shirt. He lets it be pulled off and gratefully accepts Mydei licking and sucking at his neck.

Mydei really knows how to use his mouth everywhere.

Phainon gets lost in the nice sensations but comes to when he remembers that Mydei's shirt is still on. He has Mydei briefly separate from him when he pulls it off and proceeds to dive in, sloppily kissing down Mydei's neck and collarbones. He then holds each tattooed pec in his hands and leans down to suck on his nipples. Every part of Mydei feels so good under his hands. Mydei's head falls back as he grips Phainon's hair, moaning softly. Phainon has no concept of time as he lathers wet attention all over the beautiful chest in front of him.

Mydei pulls him off by his hair and looks him in the eye, forcing him to focus. “I need you to fuck me now.”

“Whatever you want.”

Phainon starts to move toward the bed with Mydei but gets lightly pushed back into place, telling him to stay put. So he watches Mydei pull off his shorts and underwear and saunter over to his bed.

“I was about to prep myself before you got here but then I thought this could turn into a teachable moment for you,” he says as he grabs the lube off the bedside table and lays out on the soft-looking bed. Mydei smirks at him, leaning up slightly to put his weight on one of his elbows, and pulling his leg up till his knee rests behind his shoulder. He opens the lube bottle and drips it down onto his fingers. “So watch closely.”

Phainon almost cums.

Mydei maintains his pose as he inserts a finger. “It’s best to just start with one before venturing further.”

Phainon wants to touch himself as he watches the literal porn before him but acknowledges that that would end in disaster so be abstains.

It’s not long before Mydei puts another finger in, stretching them wide inside of his hole. “I’m already putting a second one in ‘cuz you’re quite girthy,” he says playfully, eyeing Phainon’s erection. “Now, come over here.”

Phainon’s body moves before he even fully registers what Mydei said. He climbs onto the bed and moves to sit in between Mydei’s legs, or, as much as he can when one of those legs is near Mydei’s own head.

“You wanna try?” Mydei asks as if Phainon’s answer would be anything but yes. Mydei removes his fingers and hands him the lube when he sees his nod.

Phainon squeezes it out onto his fingers like Mydei did and positions two fingers in front of his clenching hole, waiting for the go ahead.

“You can do three. You have to open me up for you, right?” Mydei says sultrily, winking at him.

Phainon has to take a deep breath so he doesn’t pass out from arousal, if that’s even possible. He then slowly pushes three lubed fingers inside the pink hole. Truth be told, he very humiliatingly asked Anaxa for advice last night, so he thinks he knows what to do when he thrusts and spreads his fingers. Phainon watches Mydei’s face to make sure he’s not hurting him, though only seeing his breathless moans. But then, Mydei guides his hand until he presses something inside that makes Mydei moan louder. Right, Anaxa mentioned something about this.

“Right there is my sweet spot. Make sure to hit it when your cock is inside me.”

Phainon only rubs his fingers against it for a moment before he takes them out. “I need to fuck you right now,” he says with conviction, moving back to take off his sweatpants and underwear.

Mydei laughs at his desperation, but still flips over onto his front. “Now I *know*,” he starts, pushing up onto his knees and presenting his ass to him, “you know what to do from here.”

Phainon’s on him.

He positions his dick at Mydei’s entrance and thrusts inside, encasing himself in what feels like liquid gold. He’s been close for way too long so he has to make the most out of this while it lasts. Phainon’s grip on Mydei’s hips tighten when he starts thrusting. Shit, this feels incredible.

Mydei’s moans are bouncing around inside his head along with skin slapping. Phainon sees him gripping onto the bed sheets and it makes him thrust even faster.

“You feel amazing, oh my god, you feel so good,” Phainon praises.

The startling thought that he’s fucking a man right now is so far from his head. He truly doesn’t care anymore. Mydei is way too good to still have thoughts like that. Phainon’s sure he was grazing Mydei’s prostate before, but now he wants to hit it dead on. He makes his thrusts more purposeful and finally finds it. It’s confirmation comes in the form of Mydei moaning louder than he has before and arching his back so sinfully. Phainon swears he sees his ass cheeks bouncing from the force of his thrusts.

“Oh, fuck! Phainon, just like that,” Mydei keens, clenching down on him.

Phainon wants more physical contact so he leans down over him, putting his weight on his forearms beside Mydei’s shoulders. From this angle, he feels like he can thrust faster, continuing to hit Mydei’s prostate.

“Ahh~ Phainon!”

Hearing Mydei’s moans close up is so much better. Phainon feels Mydei grab the top of his hand, causing him to look up. He’s craning his head back over his shoulder and Phainon doesn’t know how exactly, but he can just tell that Mydei wants a kiss. He leans in and gives him what he wants, the first thing to touch being their tongues. Phainon tries his best to still kiss him well, but Mydei’s acting sloppily so he ends up dominating the kiss. They moan into each other’s mouths, tongues intertwining, and their sweaty bodies rubbing together.

Mydei’s so wet and soft inside and he’s starting to clench more frequently. Phainon is too close to finishing, so he shifts his weight slightly so he can slide his hand down to Mydei’s cock. He’s so pent up after everything they’ve done, but he needs to make Mydei cum first or else he’ll feel like a failure. Mydei breaks from the kiss to cry out in pleasure.

“You close, babe?” Phainon asks breathily.

“Yeah!” Mydei gasps.

That tells Phainon to grind against Mydei's prostate and to increase the pace of his hand. Soon, Mydei is cumming on the sheet and Phainon's hand. He freezes up during his orgasm and Phainon decides to start thrusting again as he rides through it. All it takes for him to cum is a few more thrusts and seeing Mydei's body give out against the bed.

"Ahhh," he groans, cumming inside of Mydei.

Phainon pulls out and flops down on the bed next to him, trying to catch his breath. Neither of them say anything for a couple of minutes as they recover fully. But then a thought hits Phainon.

"Shit, I didn't even think about a condom," he panics.

Mydei turns to look at him, face still flushed. "It's okay."

"Please don't say you're 'used to it'," Phainon pouts at him.

"Why? Would that upset you?" he laughs, eyes crinkling in a smile.

"No," Phainon lies. Some moments pass. "Uh, Mydei?"

"Yeah?"

"Do you want to, like, go out sometime?"

"I'd like that."
